Annual Campus Security and Fire Safety Report

2019

September 2019

Dear Campus Community Member,

Thank you for taking the time to read this publication. It is packed with helpful information about safety and security on our campus.

College of Saint Mary is committed to providing an educational environment that is intellectually challenging and personally and spiritually enriching. Our faculty and staff support this mission by actively promoting safety and security on this campus. However, a truly safe campus can only be achieved through the cooperation of all its community members.

We take the commission of crimes against our students, faculty, staff, and visitors very seriously and aggressively investigate reported crimes. We also collaborate with local law enforcement agencies like Omaha Police Department and community groups to reduce crime on our campus.

Prevention, however, is the best cure for crime. We must ensure that our persons and property are secure and protected by responsible, vigilant, and caring population of involved people who report suspicious and unlawful behavior to the Safety and Security Department. "See Something! Say Something!" Please do your part by getting involved and speaking out if you notice suspicious persons. Let's work together to keep campus safe!

This report is part of the effort to ensure that this collaborative endeavor is effective and in compliance with federal legislation; in particular, the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. We hope that you will read the report carefully and use the information to help foster a safer environment for you and for others within our community.

Sincerely,

David Ferber, M.S.
Director of Safety and Security

2019 ANNUAL SECURITY REPORT 2016-2018 STATISTICS

Campus Safety & Security: A Shared Responsibility at CSM

Safety and Security at College of Saint Mary is a shared responsibility. Clearly, the best protection against campus crime is an aware, informed, alert campus community—students, faculty and staff who use reason and caution—along with a strong security presence.

The vast majority of our students, faculty, staff, and visitors do not experience crime at College of Saint Mary. However, despite our best efforts, crimes may occur. This information is provided because of CSM's commitment to campus safety and security, and in compliance with the federal law: The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (The Clery Act). It is meant to be useful to you. If you have concerns, questions, or comments about federal or state law requirements, or CSM's compliance with these laws, please contact the Director of Safety and Security at csmsecurty@csm.edu.

Disclosure of Crime Statistics

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) is a federal law that requires colleges and universities to disclose certain timely and annual information about campus crime and safety and security policies. The material that follows is designed to familiarize you with issues of safety and security at College of Saint Mary. The CSM Safety and Security Department is responsible for preparing and distributing this report. We work with a number of other CSM Departments and outside agencies such as Student Development, Athletic Department, Residence Life, and Omaha Police Departments to compile this information.

The CSM Safety and Security Department prepares this report in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. This act requires colleges and universities to:

- Publish an annual report containing three years of crime statistics and certain campus security policy statements.
- Disclose crime statistics for the campus, public areas immediately adjacent to campus, and specific non-campus facilities. These statistics are gathered from campus security, local law enforcement, and other university officials who have significant responsibility for student and campus activities.
- Provide campus safety alerts pertaining to crimes that have been committed and pose ongoing threats to students and employees.
- Disclose in a public campus crime log any reported crime occurring on campus or within the patrol boundaries of the campus police or campus security department. The Safety and Security Department maintains responsibility for preparing and distributing this report by Oct. 1 of each year. The report is prepared in cooperation with other college departments and local law enforcement agencies. College of Saint Mary annual crime statistics can be viewed or copies of the report can be requested, via e-mail at csmsecurty@csm.edu, by

calling the Safety and Security Department at 402-670-8848, or by viewing the report online at <http://www.csm.edu/student-life/campus-living/campus-safety-and-security>.

Department of Safety and Security

The safety and security of College of Saint Mary community and guests are a primary concern of the University, and a principal responsibility of the Safety and Security Department. A fully trained safety and security officer is on duty 24 hours a day, seven days a week.

We want all of our students, faculty, staff, and visitors to be safe on our campus. That's why we provide 24/7 campus security. We patrol the campus regularly, enforce College of Saint Mary policies, and continually assess our safety and security practices, policies, and requirements.

Our mission is to provide the highest level of safety and security for students, faculty, staff, and visitors. This is accomplished by regular patrols of the campus, enforcement of CSM policies, ensuring all facilities are safe and properly secured, investigation of any crimes occurring on campus, and the continuous assessment of our safety and security needs and programs.

Training

College of Saint Mary Safety and Security Officers have experience and receive on-going monthly training in the areas of safety and security. In-service workshops are conducted to ensure a prompt, professional response to incidents. Topics include patrol techniques, report writing, emergency preparedness, and first aid certification. Safety and Security Officers provide a highly visible security presence through frequent patrols of and through the campus. They are also available to respond and provide assistance during emergency situations. All Safety and Security Officers receive training in Incident Command, Sexual Assault and Dating Violence Response, Active Killer, Bomb Threat, First Aid, CPR, AED, and Bloodborne Pathogens (to name a few).

Patrol

The CSM Safety and Security Department Patrol Unit consists of a vehicle, foot, and bicycle patrol. These patrol mediums provide the CSM community with many methods to ensure the safety of the CSM community.

Vehicle Patrol

Vehicle patrol is an important part of the patrol unit for prompt response to emergency calls and ensuring the safety of all community members. Patrol officers can respond quickly to reports of suspicious activity, and requests for assistance ranging from disabled motorists to providing a safe walk to a student's vehicle.

Foot Patrol

Foot patrol allows the CSM Safety and Security Officers to offer security in and around buildings. It also allows patrol officers to establish positive community relations with the university community.

Bike Patrol

The CSM Bike Patrol is a familiar and welcome sight on the University campus, providing community contact, cycling education, and general/special patrol services. The bike patrol is available all hours of the day or night, in most weather conditions, and is active at sporting events and other special occasions.

CSM Bike Patrol officers use specially equipped mountain bikes to provide safety and security services to the CSM Community. All members are trained in the safe, proper, and efficient use of mountain bikes for patrol purposes.

The bike unit can patrol walkways and courtyards that are inaccessible to vehicle traffic, and can quickly respond in areas congested with vehicle or pedestrian traffic. The bike patrol is particularly well suited to enforce rules and regulations covering bicycle and pedestrian safety; also, increasing the public's awareness of the importance of safety and considerably sharing the road.

Authority of Safety and Security

College of Saint Mary Safety and Security Staff have the authority to ask persons for identification and to determine whether individuals have lawful business at CSM. Safety and Security Staff also have the authority to enforce campus rules and regulations, as well as issue parking tickets, which are billed to financial accounts of students, faculty, and staff. Safety and Security Officers do not have powers of arrest. Criminal incidents are referred to the Omaha City Police Department or other law enforcement agencies that have jurisdiction on the campus. The Safety and Security Department at College of Saint Mary reports to the Vice President of Student Development and Success.

All crime victims and witnesses are strongly encouraged to immediately report any crime to the CSM Safety and Security Department and the Omaha City Police Department. Prompt reporting will assure timely posting of warning notices on campus and timely disclosures of crime statistics. College of Saint Mary Safety and Security Department has a written Memoranda of Understanding (MOU) with the Omaha Police Department as it relates to investigations of alleged criminal offenses.

Resources and Services

Safety and Security Officers can be reached seven days a week, 24 hours a day, to respond to calls for assistance, campus incidents, building alarms, crimes, injuries, safety hazards, coordinate with local law enforcement, crowd control, parking enforcement, and related activities. The Safety and Security Department will also provide assistance to students and staff by jump starting their vehicles as needed.

Parking and Traffic Control

Our well-lit parking areas at CSM are patrolled by the Safety and Security Department and we encourage all of our students, staff, and faculty to park on our campus as a way to increase personal

safety for everyone. The Safety and Security Department also oversees all parking enforcement on campus, as well as directing traffic during special events like graduation and all home sporting events.

Student Parking/Vehicle Policy

On-campus parking is available to CSM students at no cost. All student cars are to be properly licensed as well as registered through the Information Center, and a CSM sticker must be displayed on the car when it is parked on campus. While parked on campus, students should keep vehicles locked and not leave any personal property or valuables in plain sight. Resident students may only maintain one vehicle on campus. The University assumes no risk from damage to any vehicle that occurs on campus.

No parking areas: No vehicle shall be parked in any unauthorized area which includes, but is not limited to: crosswalks, blue handicapped parking stalls or the areas to the left and right of these stalls marked in yellow lines, red fire lanes, or any space marked 'No Parking'; nor shall any unauthorized vehicle be parked in a space marked with a sign for a particular individual.

Vacation periods: Only residential students may leave their vehicles on campus during vacation periods, and to do so, residents must notify the Director of Residence Life. Vehicles that remain on campus during vacation periods must be parked in a designated area, in order to facilitate snow removal and parking lot repairs, etc.

Inoperable vehicles: Vehicles which have been damaged, have a flat tire, or are not in running condition must adhere to parking regulations and must be removed from the campus within six (6) days, or as instructed in writing by Security. Report inoperable vehicles immediately to Security Office at 402-670-8848.

Continual violations may result in towing.

Campus Security Authority (CSA)

A Campus Security Authority (CSA) is an individual who is an official of the institution that has significant responsibility for student and campus activities, including but not limited to:

- Director of Residence Life
- Director of Safety and Security
- Lozier Hall Director
- Madonna Hall Director
- Director of Student Leadership and Organization
- Assistant Dean for Retention Programs
- Associate Dean of Students
- Director of Athletics
- Assistant Director of Athletics
- Athletic Coaches
- Advisors to our student groups and organizations
- Resident Advisor (RA)
- Residence Life Front Desk Workers
- Campus Ministry
- Student Development and Success Staff
- Safety and Security Officers
- Director of Single Parent Success
- Title IX Coordinator
- Title IX Committee Members

Under the Clery Act, a crime is reported when a victim, witness, other third party, or even the offender brings it to the attention of a CSA, Safety and Security Officer, or local law enforcement personnel. It does not matter whether or not the individual/s involved in the crime or reporting the crime are associated with the institution. If a CSA receives the crime information and believes it was provided in good faith, he or she should document it as a crime report and provide this report to the Director of Safety and Security. In “good faith” means there is a reasonable basis for believing that the information is not simply rumor or hearsay. There are two (2) individuals who, although they have significant responsibilities for student and campus activities, are not considered CSAs under Clery. They are pastoral counselors and professional counselors. A pastoral counselor is defined as a person who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling, and is functioning within the scope of recognition as a pastoral counselor. A professional counselor is defined as a person whose official responsibilities include providing mental health counseling to members of the institution’s community and who is functioning within the scope of his or her license or certification. This definition also applies to professional counselors who are not employees of the institution, but are under contract to provide counseling at the institution.

Although pastoral counselors and professional counselors do not have to report crimes that are brought to their attention, while serving in an official capacity, they are encouraged to inform their

client/s of the procedures to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.

Campus Security Authority (CSA) Training

The role of CSA is crucial to the effective and accurate reporting of criminal incidents that occur on our campus, adjoining public property, or other properties owned, controlled, or leased by College of Saint Mary. We recognize that CSAs are not law enforcement or security personnel; however, training is a vital part in being effective in this role.

Every year, Campus Security Authorities at CSM go through training which covers who are “campus security authorities” and what are their reporting obligations. Who is included and exempt from the reporting? Training also includes understanding the geographic locations of CSM and understanding the geography for which criminal offenses need to be collected. In addition, they learn about classification of incidents, definition of crimes, and collection crime stats for our crime reports. The training also covers topics related to issues for CSA’s regarding arrests and judicial referrals, as well as timely warning requirements, why we as an institution keep a daily log, and our annual disclosure requirements.

Responsible Employees

A responsible employee includes any employee: who has the authority to take action to redress sexual violence; who has been given the duty of reporting incidents of sexual abuse or any other misconduct to the Title IX coordinator or another appropriate designee; or whom a student could reasonably believe has this authority or duty. Subject to the exemption for counseling employees, a responsible employee must report to the school’s Title IX coordinator, or other appropriate designees, all relevant details about the alleged sexual violence that the student or another person has shared and that the University will need to determine what occurred and to resolve the situation.

This includes the names of the alleged perpetrator (if known), the student who experienced the alleged sexual violence, other students involved in the alleged sexual abuse, as well as relevant facts, including the date, time, and location. At College of Saint Mary, all of our community members are considered responsible employees.

Reporting of Criminal Incidents

Members of the university community are encouraged to promptly report emergencies and criminal or suspicious activities to the Safety and Security Office, which is located in Room 144 in the Hixson-Lied Commons or by calling (402) 670-8848 or by dialing “1” on any campus phone. Prompt reporting of emergency, criminal, or suspicious activities will allow campus authorities to determine if a timely warning or emergency notification is an appropriate course of action as well as for accurate annual statistical disclosure. The Safety and Security Department can serve as a liaison between CSM students or employees and the Omaha City Police Department, which is located a short distance away. The Safety and Security Department encourages students and employees to file reports with the Omaha City Police Department, particularly in the aftermath of a serious or sensitive incident.

Voluntary/Confidential Reporting

If you are the victim of a crime or breach of university policy, and you do not want to pursue action within the CSM Judicial System or the criminal justice system, you may still want to consider making a confidential report. With your permission, the Director of Safety and Security or designee can file a report on the details of the incident without revealing your identity. In the event that a crime had taken place, we are required by law to notify Omaha City Police, however, you may decline pressing charges. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information the college can keep an accurate record of the number of incidents involving students, determine whether there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crimes statistics for the institution.

Good Samaritan Policy

Student health and safety are the primary concerns of the College of Saint Mary community. In the case of a medical emergency, , students should call 911 first then contact the Safety and Security Department by dialing “1” on any campus phone or by calling 402-670-8848. Students that seek assistance from these sources, the individual assisted, and others involved will not be subject to university disciplinary action with respect to our alcohol policy. (This policy does not preclude disciplinary action regarding other violations of university standards, such as: causing or threatening physical harm, sexual assault, vandalism of university property, harassment, hazing, or any other policy violations not named. Students should also be aware that this university policy does not prevent action by local county or state authorities.) Safety and Security officers or other CSM staff members will record names of intoxicated students to enable any follow-up that may be deemed necessary to ensure students’ well-being. Other information may also be recorded to allow any other appropriate follow-up.

College of Saint Mary’s Good Samaritan Policy ensures students that seek assistance for the individual and others will not be subject to university disciplinary action with respect to our alcohol policy. This policy is designed to promote and in accordance with Nebraska’s Good Samaritan Law. Nebraska’s Good Samaritan Law (LB439) provides minors (under 21) limited legal immunity if they call for medical assistance, remain on the scene and cooperate with law enforcement. The law does not provide protection for acts of sexual violence, threats, assaults, fake ID use, procuring for minors, harassment or hazing and other violations not named.

CSM’s policy does not preclude disciplinary action regarding other violations of university standards, such as: causing or threatening physical harm, sexual assault, vandalism of university property, harassment, hazing, or any other policy violations not named. Students should also be aware that this university policy does not prevent action by local county or state authorities. Safety and Security Officers or other CSM staff members will record names of intoxicated students to enable any follow-up that may be deemed necessary to ensure students’ well-being. Other information may also be recorded to allow any other appropriate follow-up.

In order for this policy to apply, the intoxicated student(s) must agree to timely completion of recommended alcohol education activities, assessment, and/or treatment depending on the level of

concern for student health and safety. Severe or repeated incidents will prompt a higher degree of medical interest. Failure to complete recommended follow-up will result in disciplinary action and could also prompt the imposition of a medical withdrawal. Likewise, organizations involved in an incident must agree to take recommended steps to address concerns.

Campus Upkeep

Campus Lighting is another important part of the College of Saint Mary commitment to safety and security. There are two campus lighting tours conducted each year, which include members of Student Senate, the Safety Committee, and the Director of Safety and Security. Lighting problems or inefficiencies are immediately reported to the CSM Facilities Department for corrective action. A comprehensive survey of all exterior lighting is annually conducted by members of the Safety Committee and the Safety and Security Department.

Landscaping on campus is maintained by trimming shrubbery and trees to enhance safety and security. The staff of the Safety and Security Department and Facilities Department inspects campus facilities regularly. Any conditions which affect the safety and security of the campus such as broken windows or locks, burned-out lights, and malfunctioning fire safety equipment are reported and repaired immediately.

We encourage community members to report any deficiency in lighting to the Maintenance Department via the workorder process at workorder@csm.edu . Any community member who has a concern about physical security should contact the Safety and Security Department at 402-670-8848 or by dialing “1” on any campus phone.

Elevator Phone

Emergency telephones are located in every elevator on the campus. Simply push the button marked “Emergency Phone” and you will be connected to either our alarm monitoring company or a Campus Safety and Security Officer depending on the building. Every call placed by an elevator telephone is responded to by a member of the Safety and Security Department. If you are stuck, remain calm and stay inside the elevator. Only trained elevator personnel are authorized to remove trapped occupants. No one else should attempt to release them or to force elevator doors open. The elevator telephone is for emergencies ONLY; please refrain from using the phone unless it is an emergency.

Safety Committee

The Safety Committee at College of Saint Mary is established to promote a safe working and learning environment for all members of the CSM Community. By creating and maintaining an active interest in safety by employees, and to assist in the overall effort to minimize the frequency of accidents in the workplace which includes the monitoring of OSHA compliance. Also, the Safety Committee sponsored training on how to properly use Automated External Defibrillators (AED), back safety, and Fire Extinguishers.

Daily Crime Log

The CSM Safety and Security Department maintains a Daily Campus Crime Log that records, by the date the incident was reported, all crimes and other serious incidents reported to Safety and Security. This includes crimes that occurred on campus, in or on non-campus, college-owned buildings or property, on public property within the campus or immediately adjacent to and accessible from the campus, as well as crimes that occurred within the patrol jurisdiction of the CSM Safety and Security Department. The Campus Crime Log includes the nature, date, time, and general location of each crime reported to the department, as well as the disposition of the complaint (if the information is known at the time of publication). The department updates the Campus Crime Log daily as crimes are reported. The College of Saint Mary Safety and Security Department reserves the right to withhold information under certain circumstances. The Campus Crime Log is available for public inspection during normal business hours, at the department's office in Room 144 of the Hixson-Lied Commons.

Off-Campus Efforts

Although not directly responsible for off-campus security, the College of Saint Mary Safety and Security Department works closely with the Omaha City Police Department in monitoring the neighborhood surrounding the College of Saint Mary Campus.

When responding to criminal incidents (both on campus and off) that involve or affect the university, the Omaha City Police Department routinely advises the Safety and Security Department for informational and/or follow-up purposes.

Emergency Notification System

College of Saint Mary has a multi-tiered emergency notification system that allows the College of Saint Mary Senior Leadership Team and the Safety and Security Department to contact the university community within minutes via e-mail, text messaging, and posting on MyCSM. . It is our belief that rapid notification is one of the best protections available for members of our campus community.

The success of the system depends on the community receiving the timely information. With this system, members of the College of Saint Mary Community will receive an emergency text message on their personal cell phone.

Safety and Security recommends that all students, faculty, and staff log into their MyCSM Account and click on CSM Alert to add their cell phone to the CSM Emergency Notification System. This technology allows for cell phones to be notified first in the event of an emergency. Any contact information provided will be kept secure and will be used only for emergency notification purposes.

The Safety and Security Department will also post CSM Alerts on desktop computers, MyCSM, the Safety, and Security website, CSM Social Media Sites, as well as send campus-wide emails to all students, faculty, and staff. This multi-tiered system is designed with the intention of reaching every person on campus in the event of an emergency.

Emergency Notifications

If a situation arises that poses an immediate threat to the health and safety of students or employees, a CSM Alert will be issued to expedite emergency response and evacuation procedures. The goal of a CSM-Alert is to notify as many people as possible, as rapidly as possible, with adequate follow-up information as needed. Information will be disseminated via a variety of channels: The CSM Safety and Security Department distributes information via our Text Alert Emergency Notification System (text message, and email message). CSM Emergency Notifications are issued for incidents such as but not limited to an active threat/ shooter, major hazardous materials release, major fire, extended power outage, infectious disease outbreak or a tornado that would directly impact the campus.

College of Saint Mary has implemented a formal process that gives the Director of Safety and Security or designee the authority to confirm a significant emergency or dangerous situation. This allows for the development of content; to determine the appropriate segment(s) of the campus community to receive the notification, and to initiate CSM Alert Notification to send an emergency message to the campus community.

Timely Warning

College of Saint Mary wants to ensure that all students and staff are aware of any threats that may pose a risk to the campus community (i.e. a rash of a specific crime, outbreak of a serious illness). To make sure that notification is provided and to be in compliance with the Clery Act, the University will issue timely warnings whenever necessary. The College of Saint Mary Safety and Security Department **will** be responsible for providing timely warnings to the campus community, and providing the warnings in a manner that will aid in the prevention of similar crimes. The College of Saint Mary Safety and Security Department will retain copies of all issued timely warnings on file.

Purpose

11. Arrest and referrals for disciplinary action for weapons (including carrying and possession); drug abuse violations; and liquor law violations.

And any other offense that the Director of Safety and Security designates which would be of benefit for the campus community. CSM will also publish Annual Security Report or Statistics of all of the crimes mentioned above.

Emergency Notifications

The purpose of this policy is to state the College of Saint Mary Safety and Security Department's Procedure for Emergency Notifications. Per the provisions of the *Jeanne Clery Disclosures of Campus Security Policies and Campus Crime Statistics*, the CSM Safety and Security Department must issue an Immediate Emergency Notification to the Campus Community under certain circumstances. - Gas leak.
- Terrorist incident.

This could overlap and include a Clery crime such as a shooting, but it also covers crimes not reportable under Clery as well as non-criminal incidents, such as an [outbreak of a communicable illness](#), an impending weather emergency or a gas leak. Notifications are to be issued without delay upon confirmation of the emergency by responsible authorities pre-identified by the institution in their annual Clery Act reports.

Policy:

Under Clery, CSM is required to immediately notify the campus community upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus. An “immediate” threat as used here encompasses an imminent or impending threat, such as an approaching tornado as well as a fire in one of your buildings.

1. Emergency notification shall be sent via text message to all members of the campus community.
2. Emergency notifications shall be sent via e-mail and text message with the following in the subject line “CSM Emergency Alert!” to those subscribers of the CSM Alert service as well as those having CSM email accounts. This shall be done by the individuals that have access to the CMS Alert Service: Safety and Security Director, the President, or a member of Senior Leadership Team.
3. Will be posted on MyCSM.
4. Voice Message sent to campus phone lines
5. Desktop alerts on all classroom computers
6. CSM Safety and Security Twitter Account

Emergency notifications will provide the following information if possible;

1. A succinct statement of the incident
2. The date which the alert was issued
3. Physical description of the suspects
4. Other relevant and important information

Copies of all Emergency Notifications will be kept in the Safety and Security Office for up to seven years.

Emergency Response

Every potential emergency requires a unique response. The College of Saint Mary Safety and Security Department is available 24-hours-a-day, 7-days-a-week. In addition the Safety and Security Department works closely with the City of Omaha Police Department, City of Omaha Fire Department, Douglas County Sheriff Department, and Douglas County Department of Emergency Management for their assistance in the event of an emergency. College of Saint Mary also has partnerships with CHI Health to assist with any counseling assistance programs needed due to an emergency situation.

The Director of Safety and Security coordinates emergency management planning for College of Saint Mary. This plan lists inventories, staffing requirements, procedures, and policies used to provide guidance for immediate response and the ensuing recovery process in the event of an emergency.

The University has been involved in preparing guidelines for continuity of operations in the event of an emergency situation which requires response of longer duration. College of Saint Mary follows the National Incident Command System for managing emergency events.

Fire drills will be conducted in every residence hall twice a year, one each semester. These drills will require a complete evacuation of the building and will test and evaluate the response to a fire alarm. Tests of the CSM Alert Emergency Notification System are conducted twice a year, once each semester.

College of Saint Mary understands the importance of being able to immediately notify students and staff of any confirmed emergency situation that may arise on campus. The Director of Safety and Security, along with the Safety and Security Department, is responsible for determining when a situation warrants an emergency notification, initiating the campus emergency notification system, and providing any follow-up information as necessary.

In the event of any threatening situation, the Safety and Security Department will, after taking into account the safety of the campus community, immediately determine the content of and issue alert notifications to any and all parts of the campus community that may be affected; unless it has been determined that issuing such an alert would hinder efforts to help victims and/or contain the situation. Any notifications are distributed through the CSM Alert system. All students, faculty, and staff are highly encouraged to sign up to be part of the CSM Alert system.

The Evacuation Policy

Follow these building emergency protocols when you receive an emergency evacuation message and/or hear an evacuation alarm:

- In the event of a building evacuation, all individuals who can safely do so are required to exit the building immediately.
- Take your keys and CSM ID card with you, if you have time.
- Take personal items (backpack, briefcase, purse, etc.), if you have time.
- Carefully, calmly exit via the closest fire exit route. **DO NOT USE ELEVATORS.**
- If you cannot negotiate the exit, move laterally away from any obvious danger and to an enclosed stairwell, if available.
- Assist others, including persons with disabilities, if you feel it is safe to do so.
- Check each door for heat with the back of your hand prior to opening.
- If a door feels hot, do not open it. Rather remain in the room.
- If the exit path is hazardous, leave the door closed and remain in the room.
- If there is a designated fire exit through your window, use it to exit the building. Contain smoke or fire by closing all windows and doors to rooms, stairwells, and corridors.
- Report the status and location of anyone remaining in the building to campus responders (i.e., Safety and Security) and public officials (i.e., police officers, fire department personnel).
- Repeat this message often. Stay together at a safe distance (50-100 yards, upwind) from the building until Safety and Security or public officials indicate you can return to the building.
- Anyone who remains in the building, whether because of disability, injury, or the exit path is hazardous, must do the following to the extent possible:

If You Are Trapped

- Stay calm. There are many things you can do to protect yourself.
- If possible, go to a room with an outside window and use a flashlight or light to get people's attention.
- Close the door between you and the fire. Stuff the cracks around the door with towels, rags, or bedding and cover vents to keep the smoke out of the room.
- Use your cell phone or a land line to call the fire department and tell them exactly where you are. Do this even if you can see fire trucks on the street below.
- Wait at window and signal for help with a flashlight, if you have one, or by waving a sheet or other light-colored cloth.
- Be patient. Rescuing all the occupants of a residence hall can take some time.

Evacuation Preparedness

- Study and remember important locations in each building you enter, including exits, stairways, phones, and elevators. Identify two routes out of each building, excluding the elevator.
- Carry emergency health information and emergency contacts with you at all times.
- Carry a cell phone preprogrammed with the Safety and Security number (402-670-8848) and the off-campus number for police, fire, and/or ambulance assistance (911).
- If you need to work in isolated areas after hours, determine telephone availability.
- If none is available, notify Safety and Security of your location in advance, including building name, floor, and room number, as well as the time you will be in that location.

Definitions

Evacuation: The removal of persons or things from an endangered area.

Emergency: Any unexpected situation or incident that requires prompt action to prevent loss of life, injury or significant property damage.

Fire Alarm: The audible and visual alarm system set off by either a smoke detector or pull station. The alarm is recognized by horns and flashing lights.

Occupants: Anyone inside the building at the time of a fire alarm that is not considered emergency personnel or CSM staff members.

Emergency Personnel: CSM Safety and Security, Omaha Police Department, Omaha Fire Department, Douglas County Sheriff Department.

Shelter in Place

There may be a situation (Severe Weather, Chemical Spill, Active Shooter, etc...) when it's simply best to stay where you are and avoid any uncertainty outside.

Follow these building emergency protocols when you receive an emergency shelter-in-place notification:

Move into or stay inside the nearest building:

- Go to an interior room or office with few windows, if possible.
- Note the room number.
- Close and lock windows and doors and, if possible, turn off ventilation systems.
- If the door has a window, cover it.
- Turn off lights.
- Stay away from windows and exterior doors. Move near walls or under sturdy locations (i.e., doorways or desks).
- Alert Safety and Security personnel of your location and/or medical emergencies by calling 911.
- Carefully, calmly exit via route designated by safety and security or law enforcement personnel. Leave room door closed.
- Report any symptoms of chemical exposure (i.e., mucous membrane irritation) to public officials.
- There may be a situation when you may have to barricade the door, (such as an active shooter)
- Gather essential disaster supplies, such as nonperishable food, bottled water, battery-powered radios, first aid supplies, flashlights, batteries, duct tape, plastic sheeting, and plastic garbage bags.
- Await Safety and Security personnel instruction regarding ending building evacuation or shelter in place event.

College of Saint Mary Floor Captain Program

The CSM Floor Captain Program was initiated to empower volunteer employees, and members of the safety committee (with the knowledge required), to help fellow floor occupants evacuate as quickly and as safely as possible should an emergency occur. During the evacuation these volunteers assist emergency responders in an efficient evacuation, particularly in assisting those who need physical aid in leaving a building

Weather Emergencies

Weather Emergencies are sometimes over looked and most people's plans are to stay indoors until the storm passes. While that sounds like a great plan, the situation may not be that easy. Nebraska is known for its beautiful and enjoyable outdoor environment; however Nebraska is also known for its extreme and fast weather shifts. Some even say if you don't like Nebraska's weather, wait ten minutes.

To start, what does it mean when you hear watch, warning, and advisory alerts?

To start what does it mean when you hear warning, watch, and advisory alerts?

WATCH A watch is used when the risk of a hazardous weather or hydrologic event has increased significantly, but its occurrence, location or timing is still uncertain. It is intended to provide enough lead time so those who need to set their plans in motion can do so. A watch means that hazardous weather is possible. People should have a plan of action in case a storm threatens and they should listen for further information and possible warnings especially when planning travel or outdoor activities.

WARNING A warning is issued when a hazardous weather or hydrologic event is occurring, imminent or likely. A warning means weather conditions pose a threat to life and/or property. People in the path of the storm need to take protective action.

ADVISORY Advisories are sort of in between a WATCH and WARNING. The expected weather condition has a pretty good chance of occurring, even a likely chance of occurring, but typically an advisory is used for “less” severe type of weather conditions.

Severe Thunderstorms and Lighting

The Omaha Metro area is subject to intense thunderstorms with high rates of precipitation, hail, flash floods, high winds and lightning strikes. Some of the most costly disasters along the Missouri River are a result of high winds and hail damage. In addition, Nebraska has over 500,000 lightning strikes per year and has the 20th highest lightning fatality rate in the United States over the last 50 years.

Tornadoes

Tornadoes are powerful and one of nature's most violent storms. They can strike quickly and with little or no warning. Tornado season in Nebraska is spring to summer with May having the most recorded tornadoes. Nebraska is ranked 5th in the U.S. for total number of tornadoes, and ranked 23rd for number of tornado fatalities and 24th for number of tornado injuries. The state of Nebraska averages almost 50 tornadoes a year.

Before a tornado:

- To begin preparing, you should build an emergency kit and make sure you are aware of the tornado shelters on campus.
- Look for the following danger signs:
 - Dark, often greenish sky.
 - Large hail.
 - A large, dark, low-lying cloud (particularly if rotating).
 - Loud roar, similar to a freight train.
- Be prepared to take shelter immediately.

Designated Shelter Areas

- Hill-Macaluso Hall -Evacuate to the ground floor and/or CSM tunnel system
- Walsh Hall-Evacuate to the ground floor north hallway and/or CSM tunnel system
- Hixson-Lied Commons-if safe to do so, evacuate through the North doors and enter Walsh Hall. Once inside of Walsh Hall enter the tunnel system. If it is not safe, remain in the HLC and go into the women's or men's restrooms. Stay away from windows!
- Madonna Hall-Evacuate to CSM tunnel system
- Lied Fitness Center-Evacuate to the lowest level hallway. Use both the restrooms and locker rooms as needed.
- Mercy Hall- if safe to do so evacuate through the North doors and enter Walsh Hall. Once inside of Walsh Hall enter the tunnel system or remain on the ground floor. If it is not safe remain in Mercy Hall and evacuate to the basement landing which is located on the north side of the building. Stay away from windows!
- Lozier Hall-Evacuate to CSM tunnel system or ground floor hallway. Stay out of the rooms on the East side of the hallway.

Action taken in case of TORNADO WARNING AT CSM

Everyone will leave the area they are in and go directly to their designated area of shelter. Do not go outside! Listen to the Weather Radio for updates, which can be found in every designated shelter area on campus. Once the National Weather Service allows the warning to expire, you are free to leave your designated area of shelter. Be sure that you are alert and looking in your immediate area for debris, glass, or downed power lines.

Weather Radio Locations

- Hill-Macaluso Hall -Ground floor near break room and or tunnel
- Walsh Hall-Tunnel near the storage rooms
- Hixson-Lied Commons-Library staff lunch room, and Achievement Center

- Lozier Tower-Ground Floor, McAuley, near computer center
- Madonna Hall-Tunnel
- Maryview-Ground Floor Restrooms
- Lied Fitness Center-Ground floor near coaches locker room
- Mercy Hall-Basement landing in north stairwell, mounted to the step
- Spellman Child Development Center-kitchen storage area

If you are in a structure off of Campus:

- Go to a pre-designated shelter area such as a safe room, basement, storm cellar, or the lowest level of a building.
- If there is no basement, go to the center of an interior room on the lowest level (closet, interior hallway) away from corners, windows, doors and outside.
- Put as many walls as possible between you and the outside.
- Get under a sturdy table and use your arms to protect your head and neck.
- Do not open windows.

If you are outside without shelter:

- Lie flat in a nearby ditch or depression and cover your head with your hands. Do not get under an overpass or bridge because these structures can intensify the wind.
- Never try to outrun a tornado in a car or truck if you are in urban or congested areas. Instead, leave the vehicle immediately for safe shelter.
- Watch out for flying debris. Flying debris from tornadoes causes the most fatalities and injuries.

Tornado Drills

Tornadoes can happen anytime, anywhere, with little or no warning. Knowing what to do when seconds count can save lives. In many cases advance warnings can be issued for tornadoes, it is important to be aware that tornadoes can change direction, speed, and intensity very quickly; which is why it's really important to practice tornado safety by holding tornado drills. Here at College of Saint Mary we conduct two tornado drills per academic year in each of our residence halls. The drills are conducted at the start of tornado season with the other occurring in the middle of tornado season.

Residence Hall Security

Exterior doors of all of our residence halls are locked at all times and all are controlled electronically by card access readers. Some suites are equipped with separate entrance and individual room locks. Safety and Security Officers receive text message alerts if any of the residence hall exterior doors are held open longer than thirty seconds. Student desk workers are assigned at the entrance of each residence hall during posted visitor hours and are responsible for signing in all guests.

Each residence hall room, or suite, has its own lock and key. Keys do not contain room numbers, so if lost, they cannot be identified with a particular room. All rooms have locking windows.

Safety and Security Officers patrol the hallways of each residence hall throughout their shift, and in addition RA's conduct floor checks throughout the night time hours. The Director of Residence Life and Lozier Hall Director are full-time professionals trained in the area of student learning and personal development.

The Director of Safety and Security works closely with the Director of Residence Life to provide residents with information on safety issues through programs, educational bulletin boards, floor meetings, and posters.

All members of the Safety and Security Team attend the first all hall meetings at the start of each academic year. In addition members of the safety and security team attend various floor meetings throughout the year as well.

Missing Student Notification

College of Saint Mary recognizes that there may be times when students are at-risk or are missing and are reported to the University by roommates, family members, or other concerned persons.

In compliance with the Missing Person Procedures 20 USC 1092 C (Section 488 of the Higher Education Opportunity Act of 2008), it is the policy of Student Development and the Safety and

Security Department to investigate any report of a missing student who resides at College of Saint Mary. CSM's practice, procedures, and policy are as follows:

The term missing student shall refer to any College of Saint Mary student living on campus who is reported missing from her residence.

Upon check-in to the campus residence halls, all students will have the opportunity to identify an individual to be contacted by CSM in case the student is determined to be missing. Students have the option to register a confidential contact person to be notified in the case that the student is determined to be missing and that only authorized campus officials and law enforcement officers, in the furtherance of a missing person investigation, may have access to this information.

- For students under the age of 18, that notification will be made to the student's parent or guardian within 24 hours of the time that the student is determined to be missing.
- Any notification to parents, guardians, or designated contacts will be made by the Vice President for Student Development or Assistant Dean of Students.

If a member of the CSM community has reason to believe that a student is missing, a report should be made to the Vice President for Student Development at 402-399-2422 and/or tknudsoncarl@csm.edu; or the Associate Dean of Students at 402-399-2411 and/or ypetak@csm.edu, who will in turn notify the Safety and Security Department. All possible efforts will be made to locate the student to determine her state of health and well-being through collaboration of the Division of Student Development, the Safety and Security Department, and the missing student's friends and floor mates. Within 24 hours, a University official will call the emergency contact for this purpose on file in the student's confidential records to report the student missing.

If not located after 24 hours have passed, appropriate family members, associates, or a University official will make a confidential official missing person report to the law enforcement agency with jurisdiction. The University will also contact the missing student's custodial parent or guardian. The Safety and Security Department will cooperate with, aid, and assist the primary investigative agency in all ways prescribed by law.

Security and Access to Campus Facilities

The College of Saint Mary Building Access Policy is designed to increase the safety of all faculty, staff, and students who work and study in our buildings. It also attempts to increase the physical security of the university's buildings and properties. This policy establishes normal building access hours as well as procedures for requesting access outside of normal academic building access hours. During business hours, College of Saint Mary administrative and academic buildings are open to students, parents, employees, contractors, guests, and the general public.

College of Saint Mary Building Access Policy provides guidelines for entrance into campus buildings, offices, classrooms, library, and labs after normal operating hours at College of Saint Mary. In order to provide the CSM community with as much convenience as possible and to maintain a secure and

safe campus, faculty, staff, and students are asked to comply with the following guidelines when requesting access to a locked room or building.

Employees requesting access to a locked building, room, or lab must have their CSM ID Card present. A driver's license is insufficient. Safety and Security personnel may deny access to anyone unable to produce proper identification or to anyone they believe has no legitimate business on campus. Faculty and staff desiring entrance into a building to access their office when their building is closed must contact the Safety and Security Department at 402-670-8848 for assistance. This process allows Safety and Security Officers the opportunity to know who is on campus after normal hours of operation and it adds to the overall safety and security of everyone involved.

Outside of normal operating hours, if a room is reserved in advance, then the room will be unlocked. If the room is reserved and is not unlocked, please dial "1" on any campus phone or dial 402-670-8848 and a member of the Safety and Security Department will assist you.

Outside of normal operating hours, if a room is not reserved in advance, the room will be unlocked by a Safety and Security Officer only if a faculty or staff member is physically present with their CSM ID Card. Students will be allowed access only upon presentation of the student's CSM ID Card after having secured permission from the appropriate faculty or staff member. The faculty or staff member providing authority shall contact Safety and Security via email at CSMSecurity@csm.edu to prearrange student access. If Safety and Security has not received written permission via an email the student will not be allowed access to locked lab, building, or classroom. In all circumstances, the student who is allowed access outside of normal operating hours must have at least one other individual with them. The Safety and Security Department will not leave a student unattended in a normally locked space outside of normal operating hours. Visitors and guests will not be allowed access to any room outside of normal operating hours.

College of Saint Mary utilizes access control systems as a way of limiting access to certain buildings on campus. The benefits of using an access control system include the prevention of loss or damage to capital assets and the reduced risk of personal injury to staff and visitors.

Safety also ranks as a high priority for the university's facilities department. College of Saint Mary employs its own staff for regular building maintenance and repair of doors, windows, lighting, and related safety items. Great care is taken to ensure keys are issued only to appropriate faculty, staff, and students. Safety and Security Officers are responsible for the daily locking and unlocking of all campus academic and administrative buildings and follows the Academic Building Access Policy. Safety and Security maintains a contact listing for on-call facilities staff and outside contractors for after-hours response if needed.

CSM Safety and Security Officers and Maintenance work together to identify inoperative locking mechanisms. We encourage community members to promptly report any locking mechanism deficiency to the Safety and Security Department via email at CSMSecurity@csm.edu or by calling 402-670-8848.

Safety and Security Officers as well as CSM Maintenance Staff Members are available to respond to calls for service regarding unsafe facility conditions or for personal safety and property protection. These conditions also may include unsafe steps or handrails, unsafe roadways on campus, and unsecured equipment.

Crime Prevention Programs

College of Saint Mary Safety and Security Department offers an array of crime prevention and security awareness educational program initiatives to the campus community. These security awareness programs inform the campus community about campus security procedures and practices in addition to fire safety. Target times for training is during the beginning with orientations for freshman, transfer, faculty, and staff because it is very important to be aware of any threat even more so when new to the area. Students, faculty, and staff must exercise responsibility for their own safety.

Specific educational programs are also provided by the Safety and Security Department to address domestic violence, sexual assault, active killer, and emergency preparedness. CSM Campus Security Authorities (CSA) receive yearly training on campus instructed by the Director of Safety and Security.

The Safety and Security Department strives to educate the College of Saint Mary Community on a variety of topics so students and employees develop sound safety habits. Programs offered include new student orientation, RA Training, personal safety tips and fire safety. The CSM Safety and Security Department is available to hold training sessions on various safety topics upon request.

A Shot of Reality: is an improv group that combines comedy, audience participation, and educational alcohol awareness for not only our first-year students but returning [students](#) as well. The two performers of this program use hilarious improvisations to keep the audience engaged and entertained while educational sketches drive home alcohol facts and statistics.

Active Shooter Awareness: College of Saint Mary aims to enhance preparedness through a “whole community” approach by providing training to a broad range of stakeholders on issues such as active shooter awareness. In this training we cover understanding what an active shooter incident is, and developing a survival mindset, understanding the importance of preparedness, knowing your three options (Run, Fight, Hide) and finally, how to survive.

AED Training: This hands-on skills training prepares members of the CSM Community to respond to breathing and cardiac emergencies. It also teaches the skills and knowledge needed to provide care for victims of sudden cardiac arrest through the safe use of an automated external defibrillator (AED).

Alcohol Prevention Activities: You Make the Call Campaign. This activity involved fliers (provided by the OCC) to hand out and bring awareness to the Good Samaritan Law for underage drinking that passed in Nebraska in the fall of 2015. This law states that minors will not be persecuted for calling 911 if they suspect a friend is suffering from alcohol poisoning & requires medical assistance.

Alcohol Prevention Activities: Year One CAP survey administered to all incoming freshman asking about their perceptions of alcohol use in a college setting. This is through the OCC (Omaha Collegiate Consortium) to help prevent binge drinking on college campuses

Behind Closed Doors: Through role-playing, participants in the Behind Closed Doors Sessions will learn how to put their current knowledge of policies and procedures into action. Confronters will practice mediation skills and crisis response skills while keeping in mind the identity of those they may be confronting.

Being Safe while at CSM: This program focuses on common safety practices to assist both the Safety and Security Department and CSM Students in providing the safest learning environment possible. This informational session takes place during National Campus Safety Awareness Month and is open to all CSM Students.

Bloodborne Pathogens Training Program: is a safety program aimed at protecting members of the CSM Community who may be exposed to human blood, primary or established human cell lines, or other potentially infectious materials (OPIM) while at work. Blood or OPIM can contain disease-causing viruses such as Hepatitis B, Hepatitis C, and HIV.

Bystander Intervention: empowers and mobilizes participants to recognize, intervene, prevent and/or stop inappropriate comments, actions, and behaviors. The entire campus community plays a valuable role in preventing acts that violate the basic dignity of an individual.

The goals of bystander intervention training are to:

- Raise awareness of helping behaviors
- Increase one's motivation to help
- Develop skills and confidence when responding to problems or concerns
- Ensure the safety and well-being of self and others

Clean Car Campaign: We have learned through experience that many thefts from the parking lots are simply opportunity thefts. Catching these opportunistic thieves is difficult at best so a different approach is required. We ask for everyone to put forth a little effort in a "Clean Car" initiative. Simply put, by removing all viewable valuables from your vehicle, prior to leaving your vehicle, you will reduce the odds of your vehicle being illegally entered by nearly 95%! Additionally, please help us to reduce the opportunity of theft by reminding other students, co-workers, visitors, and friends to remove ALL items from their car!

Coffee with Dave: This program brings safety and security officers and the community members they serve together—over coffee—to discuss issues and learn more about each other.

Community Policing: The Director of Safety and Security attends meetings with members of the College of Saint Mary Community as a way provide crime prevention information and to hear the concerns from members of the University

Coping Through the College Years: A suicide prevention came to discuss coping through life changes such as college and to discuss suicide prevention and resources students can use.

Dating Violence: Are you a Victim: Through live scenario training, students can identify early warning signs of dating violence as well as be able to help themselves and others strive to prevent dating violence.

Emergency Preparedness Training: Training is essential to ensure that everyone knows what to do when there is an emergency or disruption of business operations. Everyone needs the training to become familiar with protective actions for life safety (e.g., evacuation, shelter, shelter-in-place and lockdown). This training provides our students with hands-on training on how to shelter-in-place, and how to safely evaluate in case of an emergency. Also, students learned how to prepare their very own emergency preparedness kit.

Fire Safety Training: All residence hall students are provided information regarding fire safety guidelines with their Residence Hall Handbook. The Director of Safety and Security meets with all incoming freshmen and transfer students to discuss fire safety at CSM. During this meeting students learn about fire prevention and how to evacuate in case of a fire. In addition, residence assistants (RAs) receive special training in fire extinguisher usage, residence hall fire safety guidelines and evacuation.

GOTCHA: The GOTCHA program is conducted through the CSM Safety and Security Department along with the Director of Residence Life. The program is designed to find unlocked doors in residential units and alert students living in these residences that their door(s) were found unlocked.

House Party: An evening of educational facts about VAWA, cups showing alcohol facts and responsible drinking habits, simulated drugs being dropped into cups, education on the Good Samaritan Law, and discussions on how to stay safe while drinking gives an innovative way to pass resources to students.

If I Were a Thief: Members of the CSM Safety and Security Department will be handing out “If I were a Thief” cards in campus study areas across campus. Theft is the number one reported crime on campus and the “If I were a Thief” cards identify ways students can reduce the risk of becoming a victim of theft.

Library Pop-Up: During October and January College of Saint Mary Library sent up a section devoted to Sexual Assault and Dating Violence Survivors. It provided our students, staff, and faculty access to many sexual and domestic violence resources.

Move-in Orientation: The move-in orientation is conducted during move-in weekend at the Hixson-Lied Commons. An information table is set up by Director of Safety and Security to answer questions and provide safety tips.

New Adjunct Faculty In-service: During session, the Director of Safety and Security along with the Title IX Coordinator provide information to all new and returning adjunct faculty members as it relates to safety and security on campus as well as what it means to be a mandatory reporter as it relates to sexual assault, domestic violence, dating violence and stalking. Our Title IX Coordinator at this time also reviews our Title IX Policy with all new and returning adjunct faculty members.

New Hire Orientation: During new hire orientation, the Director of Safety and Security along with the Title IX Coordinator provide information to new staff and faculty members as it relates to safety and security on campus as well as what it means to be a mandatory reporter as it relates to sexual assault, domestic violence, dating violence and stalking. Our Title IX Coordinator at this time also reviews our Title IX Policy with all new staff and faculty members.

Open that Bottle Night: Is an evening where Residence Life staff makes mocktails and talks with our students about making safe drinking decisions.

Self-Defense Training: CSM offers Self Defense training for all of our students, staff, and faculty. This program not only instructs attendees in basic self-defense but it also provides them with the knowledge of how to avoid bad situations both on and off campus.

Sex Offenses, Domestic and Dating Violence, and Stalking Training: Comprehensive education and prevention programs that inform the university community about the risks and myths that contribute to sexual assaults, domestic violence, dating violence, and stalking. These training sessions are held with all incoming students to CSM as well as offered throughout the year to returning students, staff, and faculty. In addition they learn about University Procedures, why it's important to report, and the availability of medical, counseling, and support services, and alternative remedies such as housing and academic accommodation, if reasonably available; and University disciplinary sanctions for those who commit sexual assault, domestic violence, dating violence, and stalking.

Stranger Danger: This program is conducted by the Safety and Security Department with our Mother's Living & Learning Program. In the program we teach both the mothers and children who is a stranger? Who are safe strangers? We also address the importance of recognizing and properly responding to dangerous situations.

Student Orientation: Each semester, the Director of Safety and Security conducts informational sessions to familiarize new students with the department, available services, reporting procedures, and university policies. The presentation also includes risk reduction strategies and role-playing exercises focused towards managing the transition to the college experience and urban living.

What's Your Degree Worth? Brochures were created for all OCC/NCC members to distribute to students regarding the career consequences of alcohol-related convictions.

Whistle Stop: College of Saint Mary is a participant in the National Whistle Stop Program. This program provides whistles for all incoming CSM students. Returning students and other CSM community members may obtain whistles upon request from the Safety and Security Office. This program instructs participants to blow the whistle if they feel they are in imminent danger.

National Campus Safety Month

In 2013, College of Saint Mary started to participate in The “Safe Campus, Strong Voices” Campaign which is a national initiative for Campus Safety Awareness Month in September. The goal of this program is to raise awareness and increase advocacy on the issue of college sexual violence and the vast amount of underreported cases as well as the injustices that many survivors face.

Safe Walk Program

2. Give your destination and where the Safety and Security Officer can meet you.
3. Please be at the location when the Safety and Security Officer arrives. The officer may wait for a few minutes, but a "No Show" will negatively impact the ability we have to provide this service in a prompt and efficient manner.

Being Safe while Walking around Campus

- Make sure your cell phone is easily accessible and fully charged.

Nebraska Safety Belt Honor Roll

College of Saint Mary received a signed *proclamation* from Nebraska’s Governor which inducted College of Saint Mary as a member of the Nebraska Safety Belt Honor Roll. The Nebraska Safety Belt Honor Roll is a joint effort between the Governor’s Office and Click It Don’t Risk It to recognize those dedicated to saving lives through seat belt use. Nebraska businesses, schools, and groups are encouraged to apply. We are happy to say that over 96% of CSM Community Members utilized seat belts during unannounced checks in 2018.

Automatic External Defibrillators (AED)

College of Saint Mary has carefully placed eight automated external defibrillators (AED) throughout its campus. The authorized (AED) program will enable targeted responders in a campus setting to deliver early defibrillation to patients experiencing a sudden cardiac arrest. Responders’ use of the AED does not replace the care provided by professional emergency medical services (EMS) providers, but is meant to provide a lifesaving bridge during the first few critical minutes it takes for

advanced life support providers to arrive. Upon arrival of EMS providers, patient care will be transferred. Every year the College of Saint Mary Safety Committee purchases a new AED to be placed on campus.

Daily Inspection checks are performed by College of Saint Mary Safety and Security Officers:

- Green “indicator light” represents active
- Red “indicator light” represents inactive

Monthly Inspection checks are performed by the Director of Safety and Security:

- Visual checks of the unit and the alarm cabinet.
- Verify battery and pads are within the expiration date.
- Inspect emergency supplies (nitrile gloves, razor, scissors, electrode pads, CPR barrier masks).
- Perform the AED Unit’s Self-Diagnostic Test.

A student who violates this policy will be asked to remove the weapon from campus immediately and will be subject to disciplinary action pursuant to the Code of Conduct. Further, CSM may contact the appropriate law enforcement agency if it learns that a student has violated or is violating the policy. The student may also be subject to arrest.

If a student believes that a fellow student intends to or has brought a weapon or a concealed handgun onto the premise the student should alert the Safety and Security Department (402-670-8848) or by dialing “1” on any campus phone or by contacting Student Development at 402-399-2422.

Preventing and Responding to Sexual Assault

If a sexual assault does occur, the victim is encouraged to report the incident to the appropriate campus and municipal agencies. While the university respects the wishes of the victim in each situation, the option of involving law enforcement authorities is encouraged. Assistance and support will be provided to the victim throughout the reporting process, should they choose to pursue the matter in this way.

College of Saint Mary educates the student community about sexual assaults and date rape through student orientation and programs offered each year. If you are a victim of a sexual assault at this institution, your first priority should be to get to a place of safety. You should then obtain necessary medical treatment.

If you need medical transport to an area hospital, call Safety and Security by dialing “1” from any campus phone or 402-670-8848 from your cell phone. Visits to hospitals for medical treatment and counseling are confidential. The Safety and Security Office strongly advocates that a victim of sexual assault report the incident in a timely manner as time is a critical factor for evidence collection and preservation. An assault should be reported directly to a Safety and Security Officer and/or to any university official.

A Commitment of Safe Environment our Statement of Purpose

College of Saint Mary is committed to providing a learning and working environment that emphasizes the dignity and worth of every member of its community. Sexual assault, domestic violence, dating violence, and stalking in any form or context are contrary to our principles. Sexual assault, domestic violence, dating violence, and stalking can threaten the safety, well-being, educational experience, and career of students, faculty, and staff and will not be tolerated in any form. Any individual found to have violated this statement of purpose will be subject to disciplinary action.

Title IX College of Saint Mary Title IX Policy

Sexual Violence, Sexual Harassment, and Violence against Women

Statement of Policy

It is the policy of College of Saint Mary (CSM) to provide equal employment and educational opportunities to faculty, staff, students, and applicants without regard to race, color, religion, gender, marital status, national origin, age, disability, citizenship, sexual orientation, veteran status, and any group protected by federal, state, or local statutes. Sexual violence and sexual harassment are prohibited by law and by CSM policy. CSM will not tolerate sexual violence, sexual harassment, or violence against women in any form, including but not limited to, sexual assault, stranger, acquaintance or date rape, stalking, domestic or dating violence, sexual cyber harassment or bullying.

CSM will take appropriate action to prevent, correct, and discipline harassing or violent behavior that is found to violate this policy.

This policy provides guidance for what students or employees should do if they have been victims of sexual violence, sexual harassment, or other violence against women and what CSM will do if such violence or harassment occurs. A student alleged to have committed sexual violence or sexual harassment can be disciplined under the student Code of Conduct and/or prosecuted under the Nebraska criminal statutes. Employees alleged to have violated this policy may also be disciplined under other CSM policies found in Employee and Faculty handbooks and/or prosecuted under the Nebraska criminal statutes.

Title IX of the Education Amendments of 1972 prohibits sex discrimination in education programs and activities at universities that receive federal financial assistance. Independent undergraduate programs may be single-sex programs, and an exemption is contained for religiously affiliated colleges if a conflict exists between Title IX and their religious tenets. Title IX prohibits sex discrimination in both the educational and employment settings.

This policy applies to all CSM students, faculty, staff, and other members of the community to include contractors, vendors, and guests.

Complaints or inquiries about sexual harassment, sexual misconduct, or sex discrimination should be directed to the College's Title IX Coordinator and/or to the United States Department of Education's Office for Civil Rights:

Campus Reporting

In general, CSM employees do not have legally protected confidentiality. *Therefore, any employee who receives a report of sexual assault or harassment is required to share the report with the Title IX Coordinator.* Only the Director of Counseling can offer confidentiality to individuals who are not ready to report to the Title IX Coordinator.

In all cases of reported sexual violence, stalking, or domestic/dating violence, the CSM President will be notified of the situation, however, all personally identifying information will be withheld.

Reporting Considerations

Timeliness and Location of Event

Complainants and third party witnesses are encouraged to report sexual assault and harassment as soon as possible in order to maximize CSM's ability to respond promptly and effectively. CSM does not, however, limit the timeframe for reporting. If the respondent is no longer a student or employee, the College may not be able to take action against the respondent, but it will still seek to meet its Title IX obligation by taking steps to end the harassment, prevent its recurrence, and address its effects.

This policy generally applies to incidences that occur on campus or at a CSM sponsored event. However, off-campus conduct that creates a hostile learning or working environment on campus may be covered under this policy.

Confidentiality/Counseling/Alternatives to Reporting

Requests for Confidentiality

CSM's Director of Counseling is the only employee that can offer confidentiality as part of her official role at the College. Stacey Werth-Sweeney can be reached at (402-399-2374) and offers confidential, professional counseling for CSM students.

Where a complainant requests from the Title IX Coordinator that a name or other identifiable information not be shared with the respondent or that no formal action be taken, the Title IX Coordinator will balance this request with the dual obligations to provide a safe and non-discriminatory environment for the entire community and to afford a respondent fundamental fairness by providing notice and an opportunity to respond before action is taken.

CSM will take all reasonable steps to investigate and respond to the complaint consistent with the request for confidentiality or request not to pursue an investigation or disciplinary action, but its ability to do so may be limited based on the nature of the request by the complainant.

If the University determines that it cannot maintain a victim's confidentiality, the University will inform the victim prior to starting an investigation and will, to the extent possible, only share information with people responsible for handling the University's response.

The Department of Safety & Security will be notified of any reports of sexual violence occurring on campus. Pursuant to federal law, the University has a legal responsibility for documenting and providing statistics of reported incidences of sexual assault. All personally identifying information will be removed from the statistical report.

Anonymous Reporting

Any individual may make an anonymous report concerning an act of sexual assault or harassment. An individual may report the incident without disclosing one's name, identifying the respondent, or requesting any action. Anonymous reports can be made online at <http://www.csm.edu/student-life/student-support/title-ix>.

Anonymous reports can also be provided by using the Human Resources mail box in the mail room on the Ground Floor of Walsh Hall. Another person may also report an assault anonymously on behalf of the victim. Depending on the level of information available about the incident or the individuals involved, anonymous reporting may impact the College's ability to respond, investigate, or take further action.

Counseling

While many victims of sexual assault are ready to file a formal complaint against an alleged offender right away, others want time and privacy to sort through their next steps. CSM's Director of Counseling is the only employee that can offer confidentiality as part of her official role at the College. Stacey Werth-Sweeney can be reached at (402-399-2374) and offers confidential, professional counseling for CSM students.

CSM has also partnered with Alegent Creighton Health to offer free, confidential, professional counseling to students and employees.

Students can utilize the College of Saint Mary Counseling Assistance Program (CAP) by calling (402) 398-5566 or (888) 847-4975.

Employees can utilize the Employee Assistance Program (EAP) by calling (402) 398-5566 or (888) 847-4975.

Women's Center for Advancement (WCA) also offers a hot line and free short term crisis counseling to survivors of sexual assault and domestic violence. They can be reached at 402-345-6555 (Business Hours) or 402-345-7273 (Evenings and Weekends).

College of Saint Mary Title IX Procedures

Sexual Violence, Sexual Harassment, and Violence against Women

Prohibited Conduct and Definitions

College of Saint Mary Title IX policy addresses a broad spectrum of behavior, all of which fall under the broad definition of sexual misconduct.

Complainant is an individual who is subject to alleged discrimination, harassment, or retaliation regarding the application of this policy.

Respondent is an individual whose alleged conduct is the subject of a complaint.

Sexual Harassment is defined as unwanted conduct of a sexual nature when one or more of the following occur:

1. Submission to or rejection of such conduct is made either explicitly or implicitly a term or condition of an individual's employment, academic progress, or participation in any aspect of a college program or activity;
2. Submission to or rejection of such conduct by an individual is used as the basis for employment or academic decisions affecting such individual, or
3. Such conduct has the purpose or effect of unreasonably interfering with an individual's work, academic performance, or equal opportunity to participate in or benefit from the University's educational programs, activities, or employment. That is, the conduct is so severe, pervasive, or persistent as to create a hostile educational or workplace environment under both a subjective and an objective standard. In determining whether a reasonable person in the individual's circumstances would find the work or educational environment hostile, the totality of the circumstances must be considered.

Sexual harassment may be committed by anyone regardless of gender identity and may occur between members of the same or different sex.

Sexual harassment can include unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, written, visual, or physical conduct of a sexual nature. Sexual harassment also includes harassment based on gender, sexual orientation, gender identity, or gender expression, which may include acts of aggression, intimidation, stalking, or hostility based on sex/gender or sex/gender-stereotyping, even if the acts do not involve conduct of a sexual nature. Gender-based harassment can occur if individuals are harassed either for exhibiting what is perceived as a

stereotypical characteristic of their sex, or for failing to conform to stereotypical notions of masculinity or femininity. To constitute harassment, the conduct must unreasonably interfere with an individual's work, academic performance, or equal opportunity to participate in or benefit from the University's educational programs, activities, or employment. That is, the conduct is so severe, pervasive, or persistent as to create a hostile educational or workplace environment under both a subjective and an objective standard. In determining whether a reasonable person in the individual's circumstances would find the work or educational environment hostile, the totality of the circumstances must be considered.

Sexual Violence is a severe form of sexual harassment including physical sexual acts perpetrated against another person without his/her consent. Such acts include, but are not limited to, forced oral, anal, or vaginal penetration, to any degree, insertion of foreign objects into the body and any act of sexual intercourse against someone's will. This includes, but is not limited to, the use of a weapon, physical violence or restraint, verbal threats, intimidation, and threats of retaliation or harm.

Consent must be communicated clearly, either verbally or non-verbally, through an outward demonstration signifying a person has chosen to engage in specific sexual activity. The person must act freely and voluntarily and have knowledge of the nature of the act involved. A person who is giving consent cannot be incapacitated by drugs or alcohol, unconscious, passed out, coming in and out of consciousness, or have a disability or disorder that would impair his/her understanding of the act. Consent cannot be inferred from the absence of a "no" and may not be inferred from silence, passivity, lack of resistance, or a lack of an active response (e.g. freezing or being physically unable to communicate). Past consent does not imply future consent. Consent can be revoked at any time. The presence or absence of consent is based on the totality of the circumstances.

Consent cannot be procured by the use of physical force, compulsion, threats, intimidating behavior, or coercion. Sexual activity accompanied by coercion or force is not consensual.

Coercion is present when an individual is compelled by another individual to initiate or continue sexual activity against their will. Coercion can include a wide range of behaviors, including intimidation, manipulation, implied threats of physical harm, or blackmail which places a person in fear of immediate harm or physical injury. A person's words or conduct are sufficient to constitute coercion if they wrongfully impair another individual's freedom of will and ability to choose whether or not to engage in sexual activity. Coercion is more than persuading an individual to engage in sexual activity. For the use of pressure to result in coercion, the amount must be unreasonable. This is more than an effort to persuade, entice, or attract another person to gain sexual access. Factors include the frequency, intensity, degree of isolation of the person being pressured, and the duration of the pressure. Coercing an individual into engaging in sexual activity violates this policy in the same way as physically forcing someone into engaging in sexual activity.

Stalking means engaging in a course of conduct directed at a specific person that would cause a reasonable person to Fear for the person's safety or the safety of others; or Suffer substantial emotional distress.

Domestic violence means a felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the victim; by a person with whom the victim shares a child in common; By a person who is cohabitating with, or has cohabitated with, the victim as a spouse or

intimate partner; By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Dating violence means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence.

Sexual Exploitation means an act or acts committed through non-consensual abuse or exploitation of another person's sexuality for the purpose of sexual gratification, financial gain, personal benefit or advantage or any other non-legitimate purpose. The act or acts of sexual exploitation are prohibited even though the behavior does not constitute one of the other sexual misconduct offenses. Sexual exploitation may involve individuals who are known to one another, have an intimate or sexual relationship, and/or may involve individuals not known to one another. Examples include, but are not limited to:

- Observing another individual's nudity or sexual activity or allowing another to observe consensual sexual activity without the knowledge and consent of all parties involved;
- Non-consensual streaming of images, photography, video or audio recording of sexual activity or nudity, or distribution of such without the knowledge and consent of all parties involved;
- Prostituting another individual;
- Knowingly exposing another individual to a sexually transmitted disease or virus without his or her knowledge; and
- Inducing incapacitation for the purpose of making another person vulnerable to non-consensual sexual activity.

Retaliatory Harassment is intentional action taken by an accused or allied third party that harms a complainant, witness, reporter, investigator, or any other individual for filing or participating in a University investigation.

Preponderance of the Evidence means that it is "more likely than not," based upon the information provided, that the respondent is responsible for the alleged violation(s). This is the standard that is used to review evidence during Formal Resolutions and Appeals.

Sexual Assault 1st Responder Protocols

Medical Assistance

Experiencing any form of sexual misconduct, especially acts of violence, is difficult and overwhelming. Victims often experience a range of emotions, including fear, anxiety, and confusion, and may be unsure of what they want to, or should do, next. Regardless of whether the individual

chooses to report the incident, the University strongly encourages victims of any form of violence to seek medical attention as soon as possible, even if they feel no injury was sustained.

Preserving Evidence

Many sexual misconduct offenses also are crimes in the state or locality in which the incident occurred. For that reason, victims of sexual misconduct often have legal options that they can pursue. These options are available solely at the discretion of the victims, who may change their minds about pursuing them at any time.

Below are suggestions for preserving evidence related to an incident of sexual misconduct. It is important to keep in mind that each suggestion may not apply in every incident:

General evidence preservation suggestions:

- Do not alter, dispose of, or destroy any physical evidence.
- If there is suspicion that a drink may have been drugged, inform a medical assistance provider and/or law enforcement as soon as possible so they can attempt to collect possible evidence (e.g., from the drink, through urine or blood sample).
- Preserve evidence of electronic communications by saving them and/or by taking screen shots of text messages, instant messages, social networking pages, or other electronic communications, and by keeping pictures, logs, or copies of documents that relate to the incident and/or perpetrator.
- Even if victim chooses not to make a complaint regarding sexual misconduct, they should nevertheless consider speaking with someone from the Title IX Team or law enforcement to preserve evidence in the event that they change their mind at a later date.
- Because some evidence, particularly evidence that may be located on the body, dissipates quickly (within 48-96 hours), individuals who have been sexually assaulted and wish to preserve evidence should go to a hospital or medical facility immediately to seek a medical examination and/or evidence collection.

Methodist Hospital offers victims of sexual assault immediate, comprehensive and compassionate care and evidence collection from health care professionals specifically trained and educated to meet their special needs. This service is available 24 hours per day, 7 days per week at the following locations:

- Methodist Hospital, 8303 Dodge Street
- Methodist Women's Hospital, 707 N 190th Plaza

Confidential Counseling Services/Alternatives to Reporting

While many victims of sexual assault are ready to file a formal complaint against an alleged offender right away – others want time and privacy to sort through their next steps. There are currently no CSM faculty or staff whose official role includes being available for confidential, professional counseling. However, CSM has partnered with Alegent Creighton Health to offer free, confidential, professional counseling to students and employees.

Students can utilize the College of Saint Mary Counseling Assistance Program (CAP) by calling (402) 398-5566 or (888) 847-4975.

Employees can utilize the Employee Assistance Program (EAP) by calling (402) 398-5566 or (888) 847-4975.

Women's Center for Advancement (WCA) also offers a hot line and free short term crisis counseling to survivors of sexual assault and domestic violence. They can be reached at 402-345-6555 (Business Hours) or 402-345-7273 (Evenings and Weekends).

Campus Reporting

A student, faculty member, or staff member who has a complaint against a student, faculty member, or staff member, or other individual involving allegations of sex discrimination or sexual harassment should contact the Title IX Coordinator. A report can be received in person, by phone, or through email.

In general, CSM employees do not have legally protected confidentiality. *Therefore, any employee who receives a report of sexual assault or harassment is required to share the report with the Title IX Coordinator.* Only the Director of Counseling can offer confidentiality to individuals who are not ready to report to the Title IX Coordinator.

In all cases of reported sexual violence, stalking, or domestic/dating violence, the CSM President will be notified of the situation, however, all personally identifying information will be withheld.

Requests for Confidentiality

CSM's Director of Counseling is the only employee that can offer confidentiality as part of her official role at the College. Stacey Werth-Sweeney can be reached at (402-399-2374) and offers confidential, professional counseling for CSM students.

Where a complainant requests from the Title IX Coordinator that a name or other identifiable information not be shared with the respondent or that no formal action be taken, the Title IX Coordinator will balance this request with the dual obligations to provide a safe and non-discriminatory environment for the entire community and to afford a respondent fundamental fairness by providing notice and an opportunity to respond before action is taken.

CSM will take all reasonable steps to investigate and respond to the complaint consistent with the request for confidentiality or request not to pursue an investigation or disciplinary action, but its ability to do so may be limited based on the nature of the request by the complainant.

When weighing a victim's request for confidentiality or that no investigation or discipline be pursued, the Title IX Coordinator will consider a range of factors, including the following:

- The increased risk that the alleged perpetrator will commit additional acts of sexual or other violence, such as:
 - Whether there have been other sexual violence complaints about the same alleged perpetrator;
 - Whether the alleged perpetrator has a history of arrests or records from a prior school indicating a history of violence;
 - Whether the alleged perpetrator threatened further sexual violence or other violence against the victim or others;
 - Whether the sexual violence was committed by multiple perpetrators;
- Whether the sexual violence was perpetrated with a weapon;
- Whether the victim is a minor;
- Whether the University possesses other means to obtain relevant evidence of the sexual violence (e.g., security cameras or personnel, physical evidence);
- Whether the victim's report reveals a pattern of perpetration (e.g., via illicit use of drugs or alcohol) at a given location or by a particular group.

The presence of one or more of these factors could lead the University to investigate and, if appropriate, pursue disciplinary action. If none of these factors is present, the University will likely respect the victim's request for confidentiality.

If the University determines that it cannot maintain a victim's confidentiality, the University will inform the victim prior to starting an investigation and will, to the extent possible, only share information with people responsible for handling the University's response.

The Department of Safety & Security will be notified of any reports of sexual violence occurring on campus. Pursuant to federal law, the University has a legal responsibility for documenting and providing statistics of reported incidences of sexual assault. All personally identifying information will be removed from the statistical report.

Anonymous Reporting

Any individual may make an anonymous report concerning an act of sexual assault or harassment. An individual may report the incident without disclosing one's name, identifying the respondent, or requesting any action. Anonymous reports can be made online at <http://www.csm.edu/student-life/student-support/title-ix>.

Anonymous reports can also be provided by using the Human Resources mail box in the mail room on the Ground Floor of Walsh Hall. Another person may also report an assault anonymously on behalf of the victim. Depending on the level of information available about the incident or the

individuals involved, anonymous reporting may impact the College's ability to respond, investigate, or take further action.

Reporting Considerations

Timeliness and Location of Event

Complainants and third party witnesses are encouraged to report sexual assault and harassment as soon as possible in order to maximize the CSM's ability to respond promptly and effectively. CSM does not, however, limit the timeframe for reporting. If the respondent is no longer a student or employee, the College may not be able to take action against the respondent, but it will still seek to meet its Title IX obligation by taking steps to end the harassment, prevent its recurrence, and address its effects.

This policy generally applies to incidences that occur on campus or at a CSM sponsored event. However, off-campus conduct that creates a hostile learning or working environment on campus may be covered under this policy.

False Reporting

The University takes validity of information very seriously as a charge of sexual assault or harassment may have severe consequences.

A complainant who makes a report that is later found to have been intentionally false or made maliciously without regard for truth may be subject to disciplinary action. This provision does not apply to reports made in good faith, even if the facts alleged in the report are not substantiated by an investigation.

Similarly, a respondent or witness who is later proven to have intentionally given false information during the course of an investigation may be subject to disciplinary action.

Reports Involving Minors

All College of Saint Mary employees, who in the course of their employment witness or receive information related to suspected physical or sexual abuse or neglect of children, must report such information to the Department of Health and Human Services (DHHS) of the state where the suspected abuse has taken place within 24 hours. The Nebraska Child Abuse/Neglect Hotline is 1-800-652-1999. The employee should report to the Director of Safety and Security once they have reported the information to the DHHS. The State of Nebraska defines minor to be anyone under the age of nineteen.

Anti-retaliation

CSM expressly prohibits any form of retaliatory action against any individual for filing a complaint under this policy or for assisting in an investigation. This prohibition includes intimidation or

threats of retaliation. Any acts of retaliation shall be a violation of this policy and shall be grounds for disciplinary action up to and including expulsion for students and termination for employees.

Although CSM will not restrict either party from discussing the investigation with other potential witnesses, communication that is deemed as retaliatory, vengeful, or intended to unduly influence a witnesses will be treated as a violation of this policy.

Complaint Processes

An individual who wishes to make a report of sexual assault or harassment is encouraged to make a report directly to the Title IX Coordinator. In every report of sexual assault, sexual harassment, or violence against women, the Title IX Coordinator or designee will conduct an initial Title IX assessment.

Initial Assessment

Upon receipt of a complaint, the Title IX Coordinator will first determine whether or not the complaint states a potential violation of this policy. The Title IX Coordinator will notify the complainant in writing of the decision.

If there is a potential violation of this policy, the Title IX Coordinator will conduct an initial assessment within seven (7) working days after receiving the complaint. The first step of the assessment will usually be a preliminary meeting with the complainant with the Title IX Coordinator or designee. The purpose of the preliminary meeting is to gain a basic understanding of the nature and circumstances of the report; it is not intended to be a full interview.

As part of the initial assessment of the facts, the Title IX Coordinator or designee will:

- Assess the nature and circumstances of the allegation
- Address immediate physical safety and emotional well-being of the parties
- Provide the complainant with an explanation of the procedural options
- Discuss the complainant's expressed preference for manner of resolution and any barriers to proceeding
- Explain the University's policy prohibiting retaliation
- Provide the complainant with information about on and off-campus resources, if necessary
- Notify the complainant of the right to contact law enforcement and seek medical treatment, if a sexual assault or sexual violence has occurred.
- Notify the complainant of the importance of preservation of evidence, if a sexual assault or sexual violence has occurred
- Notify the complainant of the range of interim accommodations, if necessary
- Assess the reported conduct for the need for a timely warning under the Clery Act
- Ensure the report is entered into the University's daily crime log, if applicable.

Supportive Measures

In all cases of alleged sexual misconduct, regardless of whether the complainant wishes to pursue an investigation or action, the University will undertake an appropriate inquiry and take prompt and effective action to support and protect the complainant, including taking appropriate interim steps before the final outcome of the investigation, if any. The Title IX Coordinator, may request from the University, a no-contact order, which typically will include a directive that the parties refrain from having contact with one another, directly or through proxies, whether in person or via electronic means, pending the investigation. The Title IX Coordinator may take any other protective actions as appropriate, including, without limitation, coordinating with appropriate University officials to alter the students' academic, University housing, and/or University employment arrangements.

A complainant may request specific accommodations from the Title IX Coordinator. If the request is reasonable, the Title IX Coordinator will coordinate with the appropriate University official to obtain the requested action.

Once notification is given, the Title IX Coordinator will offer supportive measures to the respondent as well. The Respondent may request specific accommodations from the Title IX Coordinator. If the request is reasonable, the Title IX Coordinator will coordinate with the appropriate University official to obtain the requested action. The purpose of interim accommodations is to avoid depriving any student her or his education.

Informal Resolution Process

An option available to students, faculty, and staff is to seek a voluntary resolution. This option is available for any Title IX complaint if CSM determines, in its discretion, that such an informal process would be appropriate, and both the complainant and the respondent agree to participate, after receiving full disclosure of the allegations and their options.

The parties to any such informal process will not be required to deal directly with each other. Instead, the Title IX Coordinator or other designee may arrange for or facilitate mediation between the involved parties and coordinate other informal resolution measures. Either party may request that the informal resolution process be terminated at any time. If the situation is not able to be resolved informally or if either party chooses not to engage in an informal resolution, a formal process could commence. A summary of the outcomes from an Informal Resolutions shall be provided to the appropriate Vice President. An informal resolution does not preclude an employee's Vice President from taking disciplinary actions, if necessary.

Formal Resolution Process

After the initial assessment has been made and when a decision has been made to pursue a formal resolution, the Title IX Coordinator will obtain the consent of the complainant. The respondent will be notified upon the initiation of an investigation. When a Formal Resolutions process involves sexual violence and students, the Title IX procedures and outcomes replace the Judicial Process described in the College of Saint Mary Student Handbook. Student misconduct that is addressed using the Informal Resolution process may still be addressed through the Judicial System. Other non-Title IX violations will be handled separately through different processes.

Investigation in a Formal Process

The Title IX Coordinator will appoint an investigator to begin an investigation. The Investigator will be selected from the Title IX trained designees. The Title IX Coordinator will ensure there are no conflicts of interest between the parties involved and the investigator. Rather than a formal hearing process, the University will use an investigation to determine responsibility. Once an investigation is opened, the Title IX Coordinator must provide written notice to the responding party listing the potential violation with sufficient details and with sufficient time to prepare a response before the initial interview with the Investigator.

The investigator will take steps to complete the investigation within a reasonably prompt timeframe once an investigation is opened. The University is committed to a complete and impartial investigation of reports of sexual violence or sexual harassment, including the opportunity for both parties to present witnesses and other evidence. Investigations will occur as quickly as possible, but the complexity of the investigation, the severity and extent of the harassment, and the number of involved parties can impact duration. Extensions of time frames may be given for good cause, with a written notice given to the parties. A Title IX investigation will occur even if law enforcement is conducting its own investigation. Although the Title IX investigation may be reasonably delayed in order to allow law enforcement to collect evidence, it does not need to wait until the law enforcement investigation is completed or criminal cases have been resolved. The reasonableness of delaying a Title IX investigation pending the completion of a law enforcement investigation or criminal case will be made on a case by case basis by the Title IX Coordinator.

The investigation shall consist of:

- Reviewing all related written statements or reports;
- Interviewing the alleged victim, alleged perpetrator, and other witnesses;
- Reviewing applicable University records and documents;
- Reviewing other relevant material and evidence; and,
- Allowing an opportunity for both parties to provide evidence or witnesses to be included in the written report.

In general, in a case where the Respondent raises consent as a defense, any prior consensual relationship between the parties may be deemed relevant to assess the manner and nature of communications between the parties, but is not necessarily determinative. A current or previous dating or sexual relationship, by itself, is not sufficient to constitute consent. Generally, prior sexual history of either party will not be considered relevant to an investigation. However, in limited circumstances, such as pattern evidence, it may be relevant in the determination of responsibility or, in the case of Respondent, the determination of a sanction. Additionally, a prior finding (post appeal rights) of responsibility for a similar act of sexual misconduct will always be deemed relevant and may be considered in making a determination as to responsibility and/or assigning of a sanction.

At the conclusion of the investigation, the investigator will prepare a written investigative report summarizing and analyzing the relevant facts determined through the investigation, referencing any supporting documentation or statements. The report should include the alleged policy violation, procedural history, summary of testimony, facts not in dispute, facts that are in dispute, and a list of supporting documentation and statements.

Before the report is finalized, the Complainant and Respondent will be given the opportunity to review their own statement(s) and other relevant information collected during the investigation, including the summaries of statements of the other party and any witnesses. The Complainant and Respondent may submit any additional written comment or evidence to the investigator within five (5) business days of notice of the opportunity to review the relevant portions of the report. Upon receipt of any additional information by the Complainant or Respondent, or after the five (5) day comment period has lapsed without comment, the investigator will finalize the report and submit it to the Title IX Coordinator.

The Title IX Coordinator will review the investigative report and certify whether it is complete or if additional investigation is needed. Upon accepting the report, the Title IX Coordinator will make a recommendation as to findings and conclusions using a “preponderance of the evidence” standard (more likely than not that sexual violence or harassment occurred) as well as what, if any actions are needed to prevent, correct, and discipline. With instances involving sexual violence or other complex investigations, the Title IX Coordinator may call a Title IX Team meeting with the Title IX Designees listed above. The Title IX Team will review the investigation report and may request additional investigation. Upon accepting the report, they will make recommendations as to findings and conclusions using a “preponderance of the evidence” standard (more likely than not that sexual violence or harassment occurred) as well as what, if any, actions are needed to prevent, correct, and discipline. The Title IX Coordinator will then forward the investigative report and the recommendations to the appropriate Vice President for action.

- In matters involving complaints where the respondent is a student, the recommendation is sent for action to the Vice President of Student Development.
- In matters involving complaints where the respondent is a faculty member, the recommendation is sent for action to the Vice President of Academic Affairs.
- In matters involving complaints where the respondent is a staff member, the recommendation is sent for action to the Vice President of Financial Services

The appropriate Vice President may accept, reject, or modify the findings and recommendations using a preponderance of the evidence standard. Within ten (10) working days from the receipt of the Title IX Team’s recommendation, the Vice President will provide a written summary of the findings and recommendations to the complainant, to the respondent, and to the appropriate University authority. This summary will also include information on the appeals process. CSM will take immediate and corrective action if appropriate. In the event of disciplinary actions, CSM has an obligation to disclose the disciplinary actions taken against the respondent to the complainant as it related to his/her complaint.

Role of Advisor or Support Person

During a formal resolution process, the Respondent and Complainant can each be accompanied by one Advisor of Choice who may assist, advise, and support the person throughout the formal resolution process/investigation and be present for related meetings or proceedings but cannot actively participate. The choice whether or not to invite an advisor is solely that of the Complainant and Respondent. An advisor may not participate in the formal investigative process in any other capacity in reference to the same incident, including, but not limited to, serving as a witness, co-complainant, or co-respondent.

The Complainant/Respondent is encouraged to provide the contact information of the Title IX Coordinator to their advisor of choice in advance of the meeting or proceeding. The Title IX Coordinator must be advised in writing that an advisor will be present at least 48 hours before the scheduled meeting or proceeding. This notification must include:

- Full name and title of the advisor of choice
- Contact information for the advisor of choice (phone, email and address)

If the advisor is an attorney, this must be disclosed to the University in advance. The University reserves the right to have its own legal counsel present during the formal resolution process/investigation. If any advisor's conduct is not consistent with these guidelines, he or she may be excluded from the formal resolution process/investigation. The availability of an advisor to attend meetings or interviews shall not unreasonably interfere with or delay the proceedings.

Appeals

Both the Complainant and the Respondent have the right to appeal. Third parties do not have the right to appeal. An appeal must be submitted in writing to the Title IX Coordinator within seven (7) calendar days of being notified of the outcome and must set forth the reasons for the appeal. Appeals will be decided by the Provost of the University. Notification of the appeal will be given to the non-appealing party. Neither the Complainant nor the Respondent will be entitled to a hearing in connection to the appeal, but the University may request written submissions from either party or consider any other information as deemed appropriate by the school.

The appeal will be conducted in an impartial manner by the Provost. In any request for an appeal, the burden of proof lies with the party requesting the appeal, as the original determination is presumed to have been decided reasonably and appropriately. The appeal is not a de novo review of the underlying matter. The decision shall affirm the original findings of the Vice President unless the Provost sustains one of the grounds for appeal in which case the Provost will refer the case to the Title IX Coordinator for further action as appropriate.

Dissatisfaction with the findings is not grounds for appeal. Appeals may be based only on one or more of the following grounds:

- Procedural error (failure to follow proscribed policy and/or procedures) that may have had a prejudicial effect upon the outcome of the proceedings;
- Evidentiary error, such as refusal to include material evidence or reliance upon clearly inappropriate and/or prejudicial evidence, that may have had an effect upon the outcome of the proceedings;
- New evidence that was discovered after the investigation was completed and could not have been discovered previously that may have an effect upon the outcome of the proceedings;
- Findings and Recommendations were arbitrary and capricious; or

- Evidence of conflict of interest, bias, fraud or misconduct on the part of the investigator, Title IX Coordinator, or the Vice President in charge of making the decision and sanctions.

Both parties will be informed in writing of the outcome of the appeal within fourteen (14) calendar days by which all requested information is received unless the school determines that additional time is required. The decision of the Provost upon an appeal shall be final.

Potential Recommendations

Potential recommendations, which may be applied to the complainant and/or the respondent, include, but are not limited to:

- Access to counseling services and assistance in setting up initial appointment
- Imposition of an on-campus "no-contact directive"
- Rescheduling of exams and assignments
- Providing alternative course completion options
- Change in class schedule, including the ability to transfer course sections or withdrawal from a course without penalty
- Change in work schedule or job assignment
- Change in student's resident housing
- Limit of an individual or organization's access to certain College facilities or activities pending resolution of the matter
- Voluntary leave of absence
- Providing an escort to ensure safe movement between classes and activities
- Providing academic support services, such as tutoring
- Suspension or Expulsion, if a student
- Termination, if an employee
- Any other remedy which can be tailored to the involved individuals to achieve the goals of this policy.

Records

The Title IX Coordinator will retain records of all reports, allegations and complaints, regardless of whether the matter is resolved by Title IX assessment, informal resolution, or formal resolution. All records will be maintained for three (3) years. Complaints resolved by Title IX assessment or informal resolutions are not part of a student's conduct file or academic record.

Affirmative findings of responsibility in matters resolved through the formal process are part of a student's file and academic record.

Other CSM Disciplinary Processes

The outcomes and actions taken by the Title IX process do not necessarily preclude other disciplinary actions from being taken using other CSM disciplinary procedures. The Title IX investigations and outcomes may be used as support for other disciplinary processes.

Amendments or Termination of this Policy

CSM reserves the right to modify, amend, or terminate this policy at any time

Warning Signs of Abusive Behavior and Future Risk

No victim is ever to blame for being assaulted or abused. Unfortunately, a person who is the victim of sexual assault, domestic violence or dating violence is more likely to be re-victimized. Below are some tips to help reduce your risk, recognize warnings signs of abusive behavior and avoid potential attacks.

Domestic and dating abuse often escalates from threats and verbal abuse to violence. And, while physical injury may be the most obvious danger, the emotional and psychological consequences of domestic and dating violence are also severe. Warning signs of dating and domestic violence include:

- Being afraid of your partner.
- Constantly watching what you say to avoid a “blow up.”
- Feelings of low self-worth and helplessness about your relationship.
- Feeling isolated from family or friends because of your relationship.
- Hiding bruises or other injuries from family or friends.
- Being prevented from working, studying, going home, and/or using technology (including your mobile phone).
- Being monitored by your partner at home, work or school.
- Being forced or pressured to do anything you don’t want to do.
- Help Reduce Your Risk and Avoid Potential Attacks
- If you are being abused or suspect that someone you know is being abused, speak up or intervene.

Sexual Assault Prevention

- Be aware of rape drugs.
- Try not to leave your drink unattended.
- Only drink from un-opened containers or from drinks you have watched being made and poured.
- Avoid group drinks like punch bowls.
- Cover your drink. It is easy to slip in a small pill even while you are holding your drink. Hold a cup with your hand over the top, or choose drinks that are contained in a bottle and keep your thumb over the nozzle.
- If you feel extremely tired or drunk for no apparent reason, you may have been drugged. Find your friends and ask them to leave with you as soon as possible.
- If you suspect you have been drugged, go to a hospital and ask to be tested.
- Keep track of how many drinks you have had.
- Try to come and leave with a group of people you trust.

- Avoid giving out your personal information (phone number, where you live, etc.). If someone asks for your number, take his/her number instead of giving out yours.

Registered Sex Offenders

The university complies with federal legislation that requires institutions of higher education to inform interested persons within the campus community about how information regarding registered sex offenders within the state can be obtained. This information can be found at the *Nebraska Sex Offender Registry Database* which is located at <https://sor.nebraska.gov/>

Harassment and Discrimination

Policy Statement:

CSM is committed to maintaining a humane atmosphere in which individuals do not abuse their personal power in interpersonal relationships. CSM will not condone actions or words that a reasonable person would regard as discrimination or harassment.

Definitions:

Harassment is a deliberate act, verbal or non-verbal, which is threatening, abusive, or physically harmful to another person.

Sexual Harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when the conduct is sufficiently severe, persistent, or pervasive to limit a student's ability to participate in or benefit from the educational program, or to create a hostile or abusive educational environment. (Source: Department of Education guidelines.)

Discrimination may be defined as any distinction, derogatory reference, or favor for or against an individual compared to others that is based upon an individual's gender, race, color, sexual orientation, creed, national or ethnic origin, or physical or mental disability.

Alcohol and Drugs Policy

The Drug-Free Workplace Act of 1988, the Drug-Free Schools and Communities Act of 1989 and the policies of College of Saint Mary prohibit unlawful manufacture, dispensation, possession, use, sale, and/or distribution of controlled substances and alcohol on property owned, operated or controlled by College of Saint Mary, or in association with any university-related duties or activities.

College of Saint Mary does not encourage consumption of alcoholic beverages, nor does it promote the use or abuse of them. The University adheres to the laws of the state of Nebraska and does not permit students under the age of 21 to possess or consume alcoholic beverages on campus. The following policies are in effect:

- Students 21 years of age or older may consume alcohol in their own residence hall room, or the room of another resident who is 21 years of age or older, with no more than five individuals present.
- Students 21 years of age or older may not possess or consume alcohol in the presence of minors (under 21).
- Students 21 years of age or older are strictly forbidden from offering, providing, or selling alcohol to minors.
- Consumption of alcohol and/or possession of open containers in public areas, including parking lots and residence hall lounges, are not permitted on campus. Exceptions will be made for events sponsored by Student Senate, RHC, or others where the Director of Student Leadership & Organizations grants specific permission for the event. Provisions for compliance with the legal age, safety, security, and availability of food and alternative beverages will be considered in determining approval. For these events, students must obtain a third-party vendor and there must be a separate section where only those students 21 years of age or older who wish to consume alcohol are allowed.
- Kegs, beer balls, and all other common bulk alcohol containers are not permitted on campus.
- Any student who becomes intoxicated or who, while under the influence of alcohol, acts in a manner detrimental to her own good name or the good name of the University, will be subject to disciplinary sanctions; including potential notification of parents and possible expulsion. This expectation exists regardless of the location of the behavior (on-or off-campus), or whether the student is participating in University-related or sponsored activities.

College of Saint Mary prohibits the unlawful possession, use, or distribution of illicit drugs by any student on University's property or as part of any of the University's activities on or off campus.

As it is stated in our mission, CSM calls us to pay attention to the development of mind, body, and spirit. Therefore, CSM recognizes that the use of alcohol and drugs have potential health risks. There are numerous, serious health risks associated with the use of illicit drugs and alcohol. Substance abuse, when left untreated, may lead to damaged vital organs such as the liver, brain, and kidneys. Other problems normally associated with substance abuse include nausea, vomiting, loss of memory, slurred speech, blurred vision, and violent acts of aggression.

These effects, more often than not, lead to poor academic performance, loss of jobs, arrests, arguments with family and friends, and serious accidents. Consequently, when appropriate, CSM will refer students to CAP (Counseling Assistance Program) for an evaluation. Students will be expected to follow through with the recommendations CAP may suggest. Any student in violation of our alcohol and drug policy will be referred to the judicial process outlined in the code of conduct section.

The illegal use of controlled substances and abuse of alcohol may cause serious health problems, impair performance and endanger the safety and well-being of students, faculty, staff and members of the general public. Because it is readily available and its use is not necessarily illegal, the drug which tends to have the greatest potential for harm to the most people is alcohol. Adverse health and social

consequences which may occur as a result of the use of alcohol include accidents, assaults (physical or verbal) and other problems related to health and productivity. The use of alcohol by pregnant women, alcoholics and people who are ill or on medication is especially dangerous. In all instances, the university observes a relevant state of Nebraska laws and regulations about alcohol.

How Drugs Use Affects Your Health

Adverse health effects can range from nausea and anxiety to coma and death. There are risks associated with the chronic use of all psychoactive drugs, including alcohol.

A pregnant woman who uses alcohol, cigarettes or other drugs exposes her fetus to dangerous risks, including miscarriage, low birth weight, and brain damage. Substance abuse may involve controlled substances, illegal drugs, and alcohol—all of which pose a health risk. When drugs are used in combination with each other, their adverse effects on the mind and body are often multiplied beyond the consequences of the same drugs taken on their own.

Alcohol is the drug most frequently abused on college campuses and in our society. Even small amounts of alcohol significantly impair the judgment and coordination required to drive a car, increasing the chances of having an accident. Consumption of alcohol may be a factor in the incidence of aggressive crimes, including sexual assault, dating violence and domestic abuse. Moderate to significant amounts of alcohol severely impairs your ability to learn and remember information. Because alcohol is a depressant, very large quantities can cause respiratory and cardiac failure, which can result in death.

Marijuana impairs short-term memory and comprehension. It can cause confusion, anxiety, lung damage and abnormalities of the hormonal and reproductive system. Hours after the feeling of getting high fades, the effects of the drug on coordination and judgment remain, heightening the risk of driving or performing other complex tasks. Cannabis, a fat-soluble substance, may stay in the body for weeks, and an overdose can cause paranoia, panic attacks or psychiatric problems.

Club Drugs refers to a wide variety of drugs including MDMA (Ecstasy), GHB, Rohypnol, ketamine, methamphetamine, and LSD, and are often used at raves, dance clubs, and bars. No club drug is safe due to variations in purity, potency, and concentration, and they can cause serious health problems or death. They have even more severe consequences when mixed with alcohol.

Depressants such as barbiturates, Valium and other benzodiazepines, Quaaludes and other depressants cause disorientation, slurred speech and other behaviors associated with drunkenness. The effects of an overdose of depressants range from shallow breathing, clammy skin, dilated pupils and weak and rapid pulse to coma and death.

Hallucinogens such as LSD, MDA, PCP (angel dust), mescaline and peyote can cause powerful distortions in perception and thinking. Intense and unpredictable emotional reactions can trigger panic attacks or psychotic reaction. An overdose of hallucinogens can cause heart failure, lung failure, coma, and death.

Narcotics like heroin, codeine, morphine, methadone and opium cause such adverse effects as anxiety, mood swings, nausea, confusion, constipation and respiratory depression. Overdose may lead to convulsions, coma, and death. The risk of being infected with HIV/AIDS or other diseases

increases significantly if you inject drugs and share needles, and there is a high likelihood of developing a physical and psychological dependence on these drugs.

Stimulants cocaine, amphetamines, and others – can cause agitation, loss of appetite, irregular heartbeat, chronic sleeplessness, and hallucinations. Cocaine and crack cocaine are extremely dangerous and psychologically and physically addictive. An overdose can result in seizures and death.

Tabaco, with its active ingredient nicotine, increases heart rate and raises blood pressure. The tar in cigarette smoke is one of the leading causes of cancer and other respiratory problems. Carbon monoxide in cigarette smoke can promote arteriosclerosis, and long-term effects of smoking include Emphysema, chronic bronchitis, heart disease and lung cancer.

Counseling Assistance Program

As it is stated in our mission, CSM calls us to pay attention to the development of mind, body, and spirit. Therefore, CSM recognizes that the use of alcohol and drugs have potential health risks. Consequently, when appropriate, CSM will refer students to the CHI Health Creighton University Medical Center Bergan Mercy. Counseling Assistance Program (CAP) for an evaluation. The CHI Counseling Assistance Program is located at 7710 Mercy Road, Building One, Suite 332. The 24-hour telephone number is (402) 398-5566/Toll Free 1-888-847-4975. Students will be expected to follow through with the recommendations CAP may suggest. Any student in violation of our alcohol and drug policy will be referred to the judicial process outlined in the code of conduct section.

Children on Campus

Responsibility for the safety and well-being of children on the CSM campus rests with parents/guardians or assigned chaperones. A parent, guardian, or caregiver must supervise children at all times while on campus. Children must be accompanied by a person 14 years of age or older. Parents, guardians, or caregivers are responsible for the behavior of accompanying children. If a child is with

a parent, guardian, or caregiver, but is not being actively supervised and/or is acting inappropriately (such as distracting others or making noise), College of Saint Mary staff will attempt to locate the adult and inform him/her that the child must be supervised. If a child is left in the building without any caregiver or adult present, a staff member will ask the child for his/her telephone number and attempt to reach the child's parent or guardian by telephone. Children are not allowed in the classroom.

CSM Code of Conduct

SECTION 1: CSM Student Conduct Philosophy

The College of Saint Mary community is committed to inspiring academic excellence, respecting the dignity of each person, developing the mind, body, and spirit, and fostering a commitment to compassionate service. Similarly, the student conduct process strives to be an individualized educational and developmental experience that balances the interests of each student with the interests of CSM.

SECTION 2: Scope of the Code

Students at College of Saint Mary are provided a copy of the *Code of Conduct* annually in the form of a link on the Student Development webpage of www.csm.edu. Students are responsible for having read and abiding by the provisions of the *Code of Conduct*, Student Handbook, Residence Life Handbook, and Academic Handbook.

The College expects its students to conduct themselves as responsible citizens and to comply with all College policies. Conduct that is unbecoming of a College student; that adversely affects the College community, mission or reputation; or that violated College policies may result in a student's required participation in the student conduct process, regardless of whether or not such conduct occurs on College premises.

The *Code of Conduct* and the student conduct process apply to the conduct of individual students, both undergraduate and graduate, and all CSM-affiliated student organizations. For the purposes of this document, CSM considers an individual to be a student when an offer of admission has been extended and thereafter as long as the student has a continuing educational interest in CSM.

The CSM student conduct process is an educational process designed to resolve matters concerned student conduct within the framework of students' rights and responsibilities pursuant to College policies. The College strives to provide a fundamentally fair, equitable, and educational process for all participants. Student conduct proceedings are not a legal process, and is not intended to duplicate legal proceedings. Therefore, legal counsel within the student conduct process is not appropriate or permitted unless it is heard within the context of the college's Title IX policy.

The College of Saint Mary retains conduct jurisdiction over students who choose to take a leave of absence, withdraw or have graduated for any alleged misconduct that occurred prior to the leave, withdrawal, or graduation. If sanctioned, a hold may be placed on the student's ability to re-enroll, and/or obtain transcripts. All sanctions must be satisfied prior to becoming eligible for re-enrollment. In the event of serious misconduct committed while still enrolled, but reported after the

accused student has graduated, CSM may invoke these procedures and should the former student be found responsible, the College may revoke that student's degree.

The *Code of Conduct* applies to behaviors that take place on campus, at CSM-sponsored events, and may also apply off campus when the Associate Dean of Students or his/her designee determines that the off-campus conduct affects a substantial College interest. A substantial College interest is defined to include:

- Any situation where it appears that the student's conduct may present a danger or threat to the health or safety of self or other; and/or
- Any situation that significantly impinges upon the rights, property or achievements of self or others or significantly breaches the peace and/or causes social disorder; and/or
- Any situation that is detrimental to the educational mission and/or interests of College of Saint Mary.

The *Code of Conduct* may be applied to behavior conducted online, via e-mail or other electronic mediums such as blogs, web postings, chats, and social media. These public postings can subject a student to allegations of conduct violations if evidence of policy violations are posted online. The College does not regularly search for this information, but may take action if and when such information is brought to the attention of College officials.

The *Code of Conduct* applies to guests of members of the college community whose hosts may be held accountable for the misconduct of their guests. The code may also be applied to resident non-students, camp attendees, and participants in the College's summer academies. Visitors to and guests of CSM may seek resolution of violations of the *Code of Conduct* committed against them by members of the CSM community.

There is no time limit on reporting violations of the *Code of Conduct*; however, the longer a complainant waits to report an offense, the harder it becomes for College officials to obtain information and statements to make determinations regarding alleged violations.

Anonymous complaints are permitted, however doing so may limit the College's ability to investigate and respond to a complaint. Those who are aware of perceived misconduct are encouraged to report it as soon as possible to the Associate Dean of Students, Residence Life, or Campus Security.

CSM e-mail (@csm.edu) is the College's primary means of communication with students. Students are responsible for all communication delivered to their College e-mail address.

The Associate Dean of Students may vary procedures with notice upon determining that changes to law or regulation require policy or procedural alterations not reflected in the CSM *Code of Conduct*. The Associate Dean of Students may make minor modifications to procedures that do not materially jeopardize the fairness owed to any party. Any question of interpretation of the *Code of Conduct* will be referred to a joint committee of the Director of Residence Life, Associate Dean of Students, and Vice President of Student Development. The committee's interpretation is final. CSM's *Code of Conduct* will be subject to annual review under the direction of the Associate Dean of Students or his/her designee. A comprehensive revision process will be conducted every 3-5 years.

SECTION 3: Violations of Local, State, and Federal Law

As the CSM *Code of Conduct* is separate from criminal and civil proceedings, alleged violations of federal, state, and local laws may be investigated and addressed under the *Code of Conduct*. When an offense occurs, the College's conduct process will usually go forward notwithstanding any criminal complaint that may arise from the same incident.

The College reserves the right to exercise its authority of interim suspension upon notification that a student is facing criminal investigation and/or complaint. Interim suspensions are imposed by the Associate Dean of Students or the Director of Residence Life until a hearing can be held, typically within 10 working days. Within that time, the suspended student may request an immediate hearing in writing to the Associate Dean of Students to show cause for why the interim suspension should be lifted. If an immediate hearing is held, this hearing will serve to determine whether the interim suspension is continued, but will not serve in place of the conduct hearing.

SECTION 4: Community Behavioral Standards

College of Saint Mary considers the behaviors described in the following sub-sections as inappropriate for the College community and in opposition to CSM's core values and the values of the student conduct process set forth in this document. These expectations apply to all students regardless of academic program or residency. The College encourages all community members to report to College officials all incidents that involve the following actions. Any student found to have committed, or to have attempted to commit, the following may be subject to the sanctions outlined in Section 7: Conduct Procedures.

SECTION 5: Overview of the Student Conduct Process

This section is intended to give an overview of how the College of Saint Mary student conduct proceedings operate, but it should be noted that not all situations are of the same severity or complexity.

The student conduct process and all applicable timelines commence with notice to an administrator of a potential violation of College policies, including residential community standards. Notice is defined as when any source (complainant, staff member, 3rd party, online post, etc.) is in contact with a College official regarding allegations of a policy violation.

A formal hearing may be held between the student accused of a policy violation and a hearing officer who acts on behalf of the College. A formal notice of the complaint will be issued to the student at the time when they are informed of the meeting. At CSM, hearing officers include, but may not be limited to, the individuals who serve in the positions listed below:

- Madonna Hall Director
- Lozier Hall Director
- Director of Residence Life
- Associate Dean of Students
- Vice President of Student Development

Unless unusual circumstances are present, Hall Directors will only hear cases involving residential students. Within 5 business days, a finding will be determined and that decision is final unless a student completes a successful formal appeal.

A student found responsible for a policy violation will be issued an educational sanction congruent with the individual student and his/her violations. More information about sanctions can be found in Section 6.

SECTION 6: Conduct Procedures

A. Role of Conduct Procedure Participants

The Associate Dean of Students or his/her designee will be the convener of each action outlined in this section. For Residence Life policies, the Director of Residence Life or his/her designee will serve as the convener. Definitions of roles within this section include:

- Responding Student: The person who is alleged to have violated the *Code of Conduct*.
- Complainant: The party bringing the complaint, who may be a student, employee, visitor, guest, or law enforcement.
- Witnesses: Persons who may offer information regarding the allegation or incident.
- Hearing Officer: College representative whose role is to facilitate discussion about the incident and to have an educational conversation with all parties before making a determination of responsibility in the matter. The hearing officer is also responsible for the assignment of sanctions and follow-up with students as needed.

B. Group Violations

A student group or organization, including athletics teams, and its officers and/or membership may be held collectively and individually responsible when violations of the *Code of Conduct* by the organization or its member(s):

- Take place at an organization-sponsored or co-sponsored event, whether sponsorship is formal or implied;
- Have received the consent or encouragement of the organization or of the organization's leaders or officers; or
- Were known or should have been known to the membership or its officers.

Hearings for student groups or organizations follow the same general student conduct procedures. In any such action, individual determinations as to responsibility will be made and sanctions may be assigned collectively and individually and will be proportionate to the involvement of each individual and the organization.

C. Good Samaritan Policy:

Nebraska's Good Samaritan Law (LB439) provides minors (under 21 years of age) limited legal immunity if they call for medical assistance, remain on the scene, and cooperate with law enforcement. The law does not provide protection for acts of sexual violation, threats, assaults, fake identification use, procuring for minors, harassment or hazing and other violations not named.

Student health and safety are the primary concerns of the College of Saint Mary community. College of Saint Mary's Good Samaritan Policy ensures students that seek assistance for an intoxicated individual and others will not be subject to university disciplinary action with

respect to the CSM alcohol policy. (This policy does not preclude disciplinary action regarding other violations of university standards, such as: causing or threatening physical harm, sexual assault, vandalism of College property, harassment, hazing, or any other policy violations not named. Additionally, this CSM policy does not prevent action by city, county, or state authorities.) Safety and Security Officers or other CSM staff or RAs will record names of intoxicated students to enable any follow-up that may be deemed necessary to ensure students' well-being. Other information may also be recorded to allow any other appropriate follow-up.

In order for this policy to apply, the intoxicated student(s) must agree to timely completion of recommended alcohol education activities, assessment, and/or treatment depending on the level of concern for student health and safety. Severe or repeated incidents will prompt a higher degree of medical interest. Failure to complete recommended follow-up will result in a student being referred to the student conduct process. Likewise, groups or organizations involved in an incident must agree to take recommended steps to address medical concerns.

D. Notice of Alleged Violation

When a student has been accused of violating a College policy or the *Code of Conduct*, a hearing officer will be assigned to the incident. In the event of multiple students' alleged involvement, the same hearing officer will work with all parties. Usually within 10 business days, the hearing officer will contact the respondents via CSM e-mail to set up a time to meet with each of the students. At the time of this contact, the respondents will be notified of the Code of Conduct or College policy they are accused of having violated as well as the date, time, and location of the incident. Additional resources for learning more about the policies will be noted in the contact letter.

Most notices of alleged violation will contain information about a meeting that has been set up in advance between the responding student and the hearing officer. If the responding student needs to select a different meeting time, he/she must notify the hearing officer via CSM e-mail a minimum of 24 hours prior to the meeting to reschedule.

E. Formal Conduct Hearing

This meeting is intended to be an educational discussion that allows students the opportunity to learn more about expectations of the College community and how to foster good citizenship. This meeting will also serve to gather information regarding the alleged incident. At the start of the meeting, the hearing officer will offer an explanation of the student conduct process prior to beginning conversation about the alleged incident.

All meetings are closed and neither the College nor the student(s) are permitted to bring attorneys to student conduct meetings.

Witnesses may be permitted if it is believed that the witness personally observed, or has direct knowledge of, information relevant to the incident. Character witnesses are prohibited. The hearing officer reserves the right to determine whether witness commentary will be permitted. Students wishing to have a witness' statement considered must notify the hearing

officer prior to the hearing, and the hearing officer will be responsible for setting up a meeting between the hearing officer and the witness. Witnesses may not be brought to a responding student's hearing.

If the responding student fails to appear for a scheduled hearing and does not attempt to reschedule the meeting, the hearing officer may make a determination regarding the student's responsibility based on the information available (including, but not limited to, incident reports, formal complaints, information presented by others involved, etc.) and may impose sanctions as a result of violations. If a student does not attend the hearing, the student forfeits his/her right to appeal the decision.

F. Alternative to Formal Hearing

In the case of first-time alleged conduct violations, the hearing officer may opt to send the responding student a letter that serves as a reminder of the College policy in lieu of a formal hearing. Within this letter, the alleged violation, date of alleged violation, time of alleged violation, location of alleged violation, and an explanation of the College policy will be presented. The responding student will be granted the opportunity to opt for a hearing, and must do so prior to the date listed in the letter, usually 5 business days. A student's choice to not respond to the letter will be interpreted as acceptance of the written warning, and the written warning will be documented as the sanction for a finding of "responsible."

G. Determination of Responsibility

Following the student conduct meeting, the hearing officer will take into consideration all information in the case including, but not limited to, students' previous conduct records, conversation and statements during hearings, written complaints, incident reports, witness statements, and other relevant information. No decisions regarding any of the responding students will be made until all parties conduct meetings have concluded. After review of this information, the hearing officer will make a determination to:

- 1) Find the accused student was not responsible for a violation of the *Code of Conduct* or College policies.
- 2) Find the accused student was responsible, more likely than not, for violating the *Code of Conduct* or College policies.

Regardless of outcome, each responding student will be contacted via CSM e-mail to be notified of the decision, usually within five business days.

If responsible, the hearing officer will outline relevant sanctions that a responsible student must complete. An explanation of the sanction, including a timeline for completion, will be presented.

Notes and statements recorded as a part of the student conduct meeting are the property of the College. Student conduct records are maintained for a period of seven years.

H. Conduct Sanctions:

One or more of the following sanctions may be imposed upon any student for any single violation of the *Code of Conduct*:

Educational Sanctions

2. College Service: For a student or organization to complete a specific supervised College service.

 - b. Ineligibility to represent the College to anyone outside the College community in any way including: participating in the student abroad program, attending conferences, or representing the College at an official function, event, or intercollegiate competition as a player, manager, or student coach, etc.
12. **College Suspension:** Separation from the College for a specified minimum period of time, after which the student is eligible to return. Eligibility may be contingent upon satisfaction of specific conditions noted at the time of suspension. If residential, the student is required to vacate the campus within 24 hours of notification of the sanction, though this deadline may be extended at the discretion of the Associate Dean of Students. During the suspension period, the student is banned from College property, functions, events, and activities without prior written approval from the Associate Dean of Students.
13. **College Expulsion:** Permanent separation from the College. The student is banned from College property and the student’s presence at any College-sponsored activity or event is prohibited. This action may be enforced with a trespass action on necessary. This sanction will be noted as a Conduct Expulsion on the student’s official academic transcript.

Residency Sanctions

1. **CSM Housing Reassignment:** Reassignment to another CSM housing assignment. Residence Life personnel will decide on the reassignment details such as location, timeline for move, etc.
2. **Residence Hall Probation:** Official notice that, should further violations of Residence Life or College policies occur during a specified probationary period, the student may immediately be removed from CSM residence halls. Regular probationary meetings may be imposed at the discretion of the hearing officer.

Under this sanction, a student is required to vacate College housing within 24 hours after notification of the action, though this deadline may be extended at the discretion of the Director of Residence Life. This sanction may be enforced with a trespass action is deemed necessary. Prior to reapplication for College housing, the student must gain permission from the Director of Residence Life or his/her designee. This sanction may include restrictions on visitation to specified buildings or all College housing during the suspension. A residential student may be removed from college housing for no less than the remainder of the semester or for an indefinitely period of time. No refunded for semester room/board will be granted.

4. CSM Housing Expulsion: The student's privilege to live in, or visit, any CSM Residence Life structure is revoked indefinitely. This sanction may be enforced with a trespass action if deemed necessary at the discretion of the Director of Residence Life.

The following sanctions may be imposed upon groups or organizations found to have violated the *Code of Conduct*

1. One or more of the sanctions listed above; or
2. Deactivation, de-recognition, loss of all privileges (including status as a College-registered group/organization), for a specified period of time. Specific instructions for reinstatement will be provided at time of sanction.

I. Parental Notification

The College reserves the right to notify the parents/guardians of dependent students regarding any conduct situation, particularly alcohol and other drug violations. The College may also notify parents/guardians of non-dependent students who are under the age of 21 of alcohol and other drug violations. Parental notification may also be utilized discretionarily by College officials when permitted by FERPA or consent of the student.

J. Notification of Outcomes

The outcome of a student conduct hearing is part of the education record of the responding student and is protected from release under the Federal Education Rights and Privacy Act (FERPA), except under certain conditions.

As allowed by FERPA, when a student is accused of a policy violation that would constitute a "crime of violence" or forcible or non-forcible sex offense, the College will inform the party bringing the complaint in writing of the final results of a hearing regardless of whether the College concludes that a violation was committed. Such release of information may only include the responding student's name, the violation committed, and the sanctions assigned (if applicable). In cases of sexual misconduct and other offenses covered by Title IX, the rationale for the outcome will also be shared with all parties to the complaint in addition to the finding and sanction(s).

FERPA defines "crimes of violence" to include:

- 1) Arson
- 2) Assault offenses (including stalking)
- 3) Burglary
- 4) Criminal Homicide—manslaughter by negligence
- 5) Criminal Homicide—murder and non-negligent manslaughter
- 6) Destruction/damage/vandalism of property
- 7) Kidnapping/abduction
- 8) Robbery
- 9) Forcible sex offense
- 10) Non-forcible sex offense

K. Failure to Complete Conduct Sanctions

All students, as members of the College community, are expected to comply with conduct sanctions within the timeframe specified by the hearing officer. Failure to follow through on conduct sanctions by the date specified, whether by refusal, neglect, or any other reason, may result in additional sanctions and/or a hold being placed on the student's account.

SECTION 7: Appeal Review Procedures

Any party may request an appeal of the decision of the hearing officer by filing a written request to the appropriate party as outlined below within 5 business days of when the notice of outcome was delivered:

Original Hearing Officer:

Lozier Hall Director
Madonna Hall Director
Director of Residence Life
Associate Dean of Students
Other

Appeal Officer:

Director of Residence Life
Director of Residence Life
Associate Dean of Students
VP for Student Development
VP for Student Development or designee

Appeals requests are limited to the following grounds, which the student must address in the appeal letter in order to have the appeal considered:

1. A procedural error occurred that significantly impacted the outcome of the hearing; or
2. To consider new evidence, that was unavailable during the original hearing, which could substantially impact the original decision or sanction. A summary of this new evidence and its potential impact must be included.

The appeal officer will conduct an initial review to determine if the appeal request meets the limited grounds and was submitted in a timely manner. If it is determined that the appeal does not meet the requirements, the original findings and sanction will stand and the decision is final. The appeal officer will notify the student if the appeal will not be heard within 5 business days of the filing of the appeal.

When new evidence is presented, the appeal officer will determine if the matter should be returned to the original decision-maker for reconsideration or if it will be reviewed by the appeal officer. For instances of appeals on procedural grounds, the appeals officer will make determinations in the case. The appeal officer may ask that the student schedule a meeting with him/her to discuss the appeal, or may determine that there is enough information to make a determination without an additional hearing. From the date of the submission of the appeal, the appeal officer usually responds to the appeal with either a final decision on the matter or a request to meet within ten business days.

The original finding and sanction are presumed to have been decided reasonably and appropriately, thus the burden is on the appealing party to show clear error. The appeals officer will limit his/her review to the grounds presented. On reconsideration, the appeal officer may affirm or change the findings and/or sanctions of the original hearing. All decisions of the appeal officer are final. A student may not submit an appeal to the appeal officer's decision.

SECTION 8: Conduct Records

All conduct records are maintained by the College for seven years from the time of their creation except those that result in separation (suspension or expulsion, including from housing) and those that fall under Title IX, which are maintained indefinitely.

SECTION 9: Approval and Implementation

This revised *Code of Conduct* was approved on July 18, 2017, by Senior Leadership Team, and implemented on August 10, 2017.

The College of Saint Mary *Code of Conduct* is adapted from The NCHERM Group Model Developmental Code of Student Conduct and is used here with permission

Disciplinary Review Alcohol and Drug Sanctions

Students at the university are regarded as adults and citizens of the community as a whole. The main premise of the process is that we expect students to take responsibility for their behavior. The disciplinary process is fundamentally a learning process for the students. For the staff who work with students in question, the process provide the challenge and support necessary for students to learn from the experience. Typically, the Assistant Dean of Students will review disciplinary cases.

Complaint Process

In the spirit of providing our students with a quality education and offering an appropriate array of support services to the community, College of Saint Mary has taken steps to create an accessible complaint process.

The complaint procedures have been established to address concerns that arise within the University community. In addition, the University has a federal obligation to track student and stakeholder complaints to help us monitor the quality of our operations and services.

Informal Complaint Process

A complaint is defined as occurring when an individual believes that any decision, act or condition affecting them is illegal, unjust or creates unnecessary hardship.

When an individual encounters a problem on campus or feels there has been unfair treatment, he/she should first try to resolve the issue informally with the faculty, staff or department personnel directly involved. Many issues can be resolved by making an appointment to appropriately discuss the concern.

If a complaint is not resolved through this action, the individual should contact the supervisor, program director or Associate Dean. For some types of complaints, CSM has established complaint procedures. In those cases, the procedures found in those policies will be followed. University personnel will be able to help identify these types of complaints and direct to individual to the appropriate policies and procedures.

College of Saint Mary seeks to resolve all complaints in a timely and effective manner.

Formal Complaint Process

If an individual cannot find a resolution for the concern informally, a formal complaint can be submitted. The intention is to provide a procedure whereby complaints are processed promptly and resolved fairly. Individuals will submit a formal complaint using the [Online Formal Complaint Form](#). The complaint will be forwarded to key individuals who will address the concern and communicate with the individual who submitted the formal complaint.

Your Responsibility Related to Campus Safety

The cooperation and involvement of students, faculty and staff in campus security is absolutely necessary. All members of the community must assume a part of the responsibility for their own personal safety and the security of their personal belongings.

Student, faculty and staff responsibilities include, but are not limited to:

- Taking reasonable precautions to ensure their own personal safety.
- Protecting the security of buildings and offices by not letting strangers in or propping doors open.
- Locking offices and room doors.
- Marking valuable items and recording serial numbers.
- Locking vehicles and bicycles.

- Participating in campus and college crime prevention programs.
- Reporting all security-related maintenance problems.
- Staying aware of campus crime trends (reading bulletins and statistics).
- Reporting suspicious persons or activities to the Safety and Security Department.
- Reporting crimes promptly to the Safety and Security Department

In short, it is incumbent upon all members of the College of Saint Mary community to take proactive measures to protect themselves and their property. Remember, if you remove the opportunity, you eliminate the crime.

Clery Act Location Definitions

Campus – (i) Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls; and (ii) any building or property that is within or reasonably contiguous to the area identified in paragraph (i) of this definition, that is owned by the institution but controlled by another person, is frequently used by students and supports institutional purposes (such as a food or other retail vendor).

State Statutes

State Penalties and Sanctions for Illegal Possession of Controlled Substances

The framework for the regulation of most drugs, also called controlled substances, is set out in the Uniform Controlled Substances Act. In addition, there are other Nebraska State laws which establish penalties for various drug related offenses which are summarized below.

Crimes Involving Minors: Any person 18 years of age or older who distributes, delivers, or sells controlled substances to a person under the age of 18 years shall be punished by the next higher penalty classification for a first offense or second offense involving drugs such as heroin, speed, cocaine, LSD, or pentazocine. The law also provides for an enhanced penalty for anyone 18 years of age or older to employ, use, persuade, or coerce any person under the age of 18 years to manufacture, transport, distribute, carry, deliver, dispense, or possess with intent to do the same of a controlled substance or a counterfeit controlled substance. Neb. Rev. Stat. § 28-416(4) and (5) (Supp. 1999).

Being Under the Influence of Any Controlled Substance for Unauthorized Purpose: It is a violation of Nebraska law to be under the influence of any controlled substance for a purpose other than the treatment of a sickness or injury as prescribed or administered by a person duly authorized by law to treat sick and injured human beings. Neb. Rev. Stat. § 28-417(1) (g) (Reissue 1995).

Neb. Rev. Stat. § 28-441(1) (Reissue 1995). "Drug paraphernalia" is defined to include such things as hypodermic syringes, needles, pipes and bongs and other items used, intended for use or designed for use with controlled substances. Neb. Rev. Stat. § 28-439 (Reissue 1995). It is unlawful to deliver or manufacture drug paraphernalia. Neb. Rev. Stat. § 28-442 (Reissue 1995). The classifications of crimes used in these reports are defined in the United States Department of Justice, Federal Bureau of Investigation Unified Crime Reports or for sex offenses, the National Incident Based Reporting System. The College of Saint Mary Clery Reporting Officer is the Director of Safety and Security and works with not only the Safety and Security Department but with the Student Development, Residence Life, Judicial Affairs, and Omaha City Police Department to compile an accurate account of campus crimes for the designated year.

Safety Tips for On and Off Campus

- Always keep your doors and windows locked. Never leave personal property unattended.
- If possible, let a friend or roommate know where and with whom you'll be and when you'll return.
- Trust your instincts! If you feel uncomfortable about someone near you on the street, in an elevator or getting off a bus, head for a populated place or yell for help.
- Use well-lit and busy sidewalks.
- Avoid walking alone or walking near vacant lots, alleys, construction sites, and wooded areas. Contact the Safety and Security Department for a Safe Walk when walking alone on campus.
- Carry a cell phone, whistle or a personal alarm to alert people that you need help. Remember to program your cell phone with the Safety and Security Department's phone number (402-670-8848).
- Attend an educational course sponsored by the Safety and Security Department and learn what can be done to avoid vulnerability to crimes like sexual assault, relationship violence, and stalking.
- Try to park in an area that will be well-lit and heavily traveled when you return.
- Lock your car doors and roll up the windows completely, even if you're only running a quick errand. Do not leave valuables in plain view
- If you choose to drink, drink legally and responsibly. Remember that your ability to respond is diminished by over-consumption of alcohol.
- Stay alert at all times and call the Safety and Security Department immediately to report suspicious activity.
- Put ICE (In Case of Emergency) on your cell phone, along with a name and telephone number of a loved one, to enable emergency services personnel to contact your family in the event of an emergency.
- Listening to loud music, wearing headphones or using your cell phone distracts you from being alert to potential safety issues. Unplug yourself and tune into your immediate environment.
- When driving, be aware of pedestrians and bicyclists and yield to them when required by law.
- Follow all rules of the road when driving a car, riding a bike or using other forms of personal transportation such as rollerblades, skateboards or scooters.
- Get to know your roommates and neighbors. Encourage checking on each other often.
- Please report any safety hazards, unsafe lighting, and defective equipment.

Fire Prevention

The goal of fire prevention at College of Saint Mary is to educate students, staff, and faculty to take precautions to prevent potentially harmful fires, and be educated about surviving them. It is a proactive method of reducing emergencies and the damage caused by them.

Fire Safety in College of Saint Mary Residence Halls

College of Saint Mary is committed to making campus residence halls safe and secure, and demonstrates this commitment through its financial investments in fire sprinkler, fire alarm, and emergency power systems. The Safety and Security Department and Residence Life Department further this commitment with their joint fire safety training and inspection program for residence halls, which is briefly overviewed below.

Fire Sprinkler Systems

All residence halls at College of Saint Mary are protected by automatic fire sprinkler systems. A fire sprinkler system is an active fire protection measure, consisting of a water supply system, providing

adequate pressure and flow-rate to a water distribution piping system, onto which fire sprinklers are connected. Each sprinkler head has a glass tube, which can be broken by a blow or intense heat. The success of these fire suppression systems depends in part on students' commitment to respect the system as well as the safety rules of the residence halls. Please read and follow the Fire Suppression System Guidelines to keep sprinkler systems intact and help ensure your protection.

Fire Alarm Systems

All residence halls have automatic fire alarm systems to alert residence hall students should a fire occur. These systems typically consist of manual pull-boxes located at exit doors, with smoke detector systems in corridors and common areas. Single-station, hard-wired smoke detectors are installed in all residence halls rooms as well.

Fire Extinguishers

Multi-purpose ABC fire extinguishers are located throughout all the university buildings and residence halls for use by the occupants on most types of small fires. Members of the Safety and Security Department inspect each fire extinguisher monthly to make sure they are in proper working condition.

When using a fire extinguisher use the P.A.S.S. method:

P - Pull the pin.

A - Aim.

S - Squeeze the trigger.

S - Sweep the fire.

Emergency Lighting Systems

All residence halls are provided with emergency lighting systems, which activate if primary power is lost. These emergency lighting systems can be found in hallways and exit stairwells.

Fire Doors

Stairwell fire doors should be kept closed at all times. During a fire the stairwells will provide a place of refuge and will protect you during your escape from the building. If the fire doors are left open, the stairwells will act as chimneys, rapidly spreading the fire and smoke throughout the building.

Exits

Each exit or exit access should be kept clearly marked with a lighted or fluorescent exit sign. You should familiarize yourself with all exit routes in your facility when you move in.

Evacuation Drills

All residence halls have emergency evacuation plans and conduct fire drills each semester to ensure residents are familiar with evacuation procedures.

Fire Safety Guidelines

Fire safety guidelines are established for all residence halls. Examples include prohibitions on smoking, using candles, and certain electrical appliances. You may view complete health, fire, and safety guidelines for residence halls in the CSM Residence Life Handbook.

Fire Safety Training:

All residence hall students are provided information regarding fire safety guidelines with their Residence Hall Handbook. The Director of Safety and Security meets with all incoming freshmen and transfer students to discuss fire safety at CSM. During this meeting students learn about fire prevention and how to evacuate in case of a fire. In addition, residence assistants (RAs) receive special training in fire extinguisher usage, residence hall fire safety guidelines and evacuation.

Fire Safety Management

Residence Life Staff conduct inspections of every residence hall rooms twice each semester. Safety hazards noted during these inspections are identified and corrected. Students who violate fire safety regulations receive additional safety training, and repeated violations may result in disciplinary action.

Elevators are Hazardous to Use in Fires

Elevators should not be used during an actual emergency. The elevator shaft could act as a chimney in transmitting heat and smoke from floor to floor. Also, elevators may malfunction and stop at the floor involved in the fire, opening automatically, and exposing the passengers to heat and smoke.

Fire Safety Month

It is a nationwide effort to raise fire and life safety awareness on campus. September is designated as “Campus Fire Safety Month.” August and September are typically the worst time of year for fatal campus-related housing fires. Unfortunately, some students do not realize how quickly a fire can occur, and most have not received fire safety education since elementary school. We hope through Campus Fire Safety Month that students at CSM will realize they are not invincible, that fires do happen in campus-related settings, and that students should take steps to protect themselves no matter where they live.”

Fire System Inspections

During the summer of 2017 all fire alarm systems, fire extinguishers, and sprinkler systems in all applicable College of Saint Mary buildings were inspected and certified by authorized companies contracted by College of Saint Mary. In addition College of Saint Mary Safety and Security Officers conduct monthly inspections of all fire extinguishers to make sure they are fully charged, and are in proper working condition.

Fire Watch

A fire watch is a temporary measure for the purposes of ensuring the fire-safety of a building or premises in the event of any act or situation which creates an increased risk to persons or property. The term fire watch is also used to describe a dedicated person or persons whose sole responsibility is to look for fires and other hazards within a building, specific area, or premises.

The purpose of a fire watch is to provide temporary surveillance in a building or premises for the purposes of identifying and controlling fire hazards, detecting early signs of unwanted fire, initiating alarms or evacuation procedures, and notifying the fire department.

Health and Safety Inspections

The Safety and Security Department continues to assess the fire and life safety equipment as an ongoing process to ensure that all the equipment meets applicable codes and standards. These inspections include, but are not limited to, a visual examination of electrical cords, sprinkler heads, smoke detectors, fire extinguishers, and other life safety systems on the campus of CSM.

Residence Life Professional Staff conducts health and safety inspections of all occupied residence hall rooms. This review will also include a general assessment of food and waste storage and other sanitary considerations of the room. Prohibited items will be immediately confiscated.

Policy on Portable Electrical Appliances, Smoking and Open Flames in Residence Halls

The following appliances are allowed in a resident's room:

- personal computer items
- television
- stereo
- air circulation fan
- coffeepot
- hotpot
- a refrigerator under three feet (6.0 cubic feet)
- microwave that is 700 watts or less.

All before mentioned items must be Underwriters Laboratory (UL) approved and in good physical condition.

Due to fire prevention guidelines and ventilation restrictions, the following appliances are **Prohibited** from use in individual rooms including but not limited to the following:

- Any cooking appliance with exposed burners
- heating surfaces including hotplates (even with a flat surface)
- Toaster ovens
- Lamps with halogen light bulbs
- Space heaters/ heater fans.

If any of these appliances are found in a resident's room, they will be confiscated.

It is impossible to list all electrical appliances which are hazardous for use in the residence halls, although a general guideline is that any appliance is prohibited if it is rated over six amps (700 watts), if it has an exposed heating element, or if it is not UL listed. Halogen lights are not permitted because they present a fire hazard.

Tobacco-Free Campus Policy

As a women's university, College of Saint Mary has a special responsibility to lead efforts in recognizing and addressing smoking as a significant issue affecting women's health. CSM also has a responsibility to its employees and students to provide a safe and healthy environment. Research findings show that tobacco use in general, including smoking and breathing second hand-smoke, constitutes a significant health hazard. In addition to causing direct health hazards, smoking contributes to institutional costs in other ways, including fire damage, cleaning/maintenance costs, and costs associated with student and employee absenteeism, health care, and medical insurance. Consequently, **SMOKING IS PROHIBITED IN ALL CAMPUS BUILDINGS AND ANYWHERE ON CAMPUS PROPERTY.** College of Saint Mary will pursue avenues to provide free, accessible tobacco cessation treatment on campus –and will publicize the availability of such resources. College of Saint Mary asks its faculty, staff and student leaders to become advocates for the above policy to ensure a safe and healthy environment for all who study, work, or visit the campus.

Open Flames

Because of the risk of fire, anything with an open flame, as well as flammable materials (incense, candles, potpourri pots, etc.) is prohibited in the residence halls. In case of power failure, emergency lights will activate, and the residence life staff will have flashlights for assisting residents. Any decorative candles in a student's room, must have a white wick or a removed wick. Students may have candle warmers.

Explosives

Gasoline, paint, ether, propane or any other flammable liquids or gasses are not allowed in any of the residential halls for any reason. Fireworks, gunpowder or any other explosives are not allowed on campus under State Fire Codes and may not be stored on campus for any reason.

Fire Procedure

If a fire alarms sounds, the Omaha City Fire Department and Safety and Security will respond to the affected building. Every building on campus including the residence halls is connected directly to Safety and Security by electronic monitoring. If you notice a fire in your building you should still contact both the Safety and Security Department and 911 for Omaha City Fire.

When a fire or other evacuation alarm sounds, every person must follow these procedures:

- Take your keys and CSM ID with you, if you have time.
- Carefully and calmly exit via the closest fire exit route.
- **DO NOT USE THE ELEVATORS.**
- Check each door for heat or hazard prior to opening. If your door feels hot or the exit path is hazardous, remain in the building.
- If there is a designated fire exit through your window, use it.
- Leave the room door closed.

- Stay low to the floor and cover your mouth with a wet cloth to make breathing easier in smoky conditions.
- If you notice that individuals cannot negotiate the exit, move them laterally away from any obvious danger to a safe place.
- Persons with disabilities, such as those who cannot walk or must be assisted down the stairs, may elect to remain in the building until emergency personnel arrive.
- Report the status and location of anyone remaining in the building to campus responders (Safety and Security) and public officials (Police, Fire). Repeat this message often.

Stay together at a safe distance (100 yards, upwind) from the building until Campus Safety and Security indicates you can return to the building.

In The Event of a Fire:

If you notice a fire: Alert others in the immediate area and activate the nearest fire alarm on your way out of the building.

- Call 911 and state that you wish to report a fire. (You do not need to dial 9 first) State your name, building name, street address (7000 Mercy Road), street intersection (72nd Street and Mercy Road), office number, location of fire, extent of fire, and your telephone number. Then call Safety and Security by dialing “1” on campus phones or on your cell phone at 402-670-8848.
- Do not fight a fire if you have not been trained or are unsure about what type of fire extinguisher to use. Most portable extinguishers are appropriate for only small contained fires, such as a fire in a wastebasket.
- Remember to never fight a spreading or growing fire and never block your escape.
- Close doors to help prevent the fire from spreading.

If You Are Trapped

- Stay calm. There are many things you can do to protect yourself.
- If possible, go to a room with an outside window and use a flashlight or light to get people’s attention
- Close the door between you and the fire. Stuff the cracks around the door with towels, rags, or bedding and cover vents to keep the smoke out of the room.
- Use your cell phone or a land line to call the fire department and tell them exactly where you are. Do this even if you can see fire trucks on the street below.
- Wait at window and signal for help with a flashlight, if you have one, or by waving a sheet or other light-colored cloth.
- Be patient. Rescuing all the occupants of a residence hall can take some time.

Do Not Jump from the Room - Any rescue attempts will be made by the Fire Department.

If You Are On Fire:

- **Stop, Drop, and Roll** - If your clothes catch on fire, Stop, Drop, and Roll, wherever you are. Rolling smothers the fire.

Responding to Residence Hall Fire

Safety and Security staff will respond and perform the following steps when responding to fire alarms in a Residence Hall:

- Safety and Security Officer (s) will proceed to the fire alarm panel and determine where the alarm originated.
- Safety and Security Officer (s) will then proceed to the area of origin to determine if there is a fire or what set off the alarm. If at any time, a real fire is suspected or confirmed, Campus Safety and Security will again call 911 and make sure everyone has finished evacuating the building.
- If there is no apparent cause or the cause of the alarm is contained, Safety and Security Officer (s) will notify Residence Life Staff appropriately. Safety and Security Officer (s) will then reset the fire alarm panel and silence the alarm.

Residence Life Staff will respond and perform the following steps when responding to a fire alarm in a Residence Hall:

- During an alarm or actual fire emergency, staff will carry out agreed-upon protocols, knocking on doors to awaken sleeping residents. But never putting themselves in danger
- CSM Students still in a room are required to vacate immediately.
- CSM Students who refuse to vacate the room or who are found to be hiding somewhere in the room, will be held accountable for their actions and sanctioned accordingly by the appropriate CSM Judicial Hearing (at a later date).
- CSM Students should not wait for Residence Life Staff or Safety and Security to come to their room. Each resident is expected to provide for their own safety.
- At no time are Residence Life Staff allowed to place themselves at risk. Staff members are required to vacate a building immediately if their own safety is in jeopardy.
- Once procedures have been completed, exit the building and direct residents 100 yards, upwind away from the building from the building and continue crowd control.

After the “All Clear” signal is given by either the Fire Department or Safety and Security, allow CSM Students to enter the hall. This signal must come from a member of the fire department or the hall director.

In the event of a residence hall fire, an academic building will be opened by Safety and Security personnel to provide shelter until the building is either deemed safe to re-enter or temporary living arrangements can be made.

Summary

College of Saint Mary works hard to ensure the safety of all individuals within its campus community. Everyone; students, faculty, and staff plays an essential role in preventing and reporting crime. We believe that information, personal awareness, and the elimination of “opportunity” are vital elements in staying safe and reducing crime. Similarly, fire safety is essential to the university. Students, faculty, and staff must familiarize themselves with policies, equipment, and evacuation procedures to ensure the safety of the entire College of Saint Mary campus community. In 2018 College of Saint Mary was named as one of the top fifty safest campuses by College Choice. For more information, please feel free to contact the Director of Safety and Security, David Ferber, at (402) 399-2319.
