- Desires to serve students from diverse backgrounds.

Our Ideal Candidate's Education and Experience:

- By January 2023, the candidate should have completed a terminal degree in Biology or a related field.
- ABD by August 2023 will be considered, as will a master's degree with teaching experience.
- Teaching experience is required. Courses to be covered include Botany, Survey Biology (nonmajors), and Scientific Methods.

This Position Is Responsible For:

- Teach 12 workload credit hours (10 academic credits)
- Hold 10 office hours per week and be accessible to students
- Provide assessment data from courses

Why You Want to Be on This Team:

- You would be a part of a Mission-centered team, who work together to serve our community.
- You would enjoy full-time benefits including health insurance, paid time off, tuition remission programs, 403(b) with employer match, employee wellness time, and more!
- CSM is committed to supporting the work-life balance of its faculty and staff.

Application:

CSM is committed to building a diverse educational environment. During the application process, please be prepared to upload a letter of application, current curriculum vitae, statement of teaching philosophy (including information on ways in which your inclusive pedagogy contributes to building and supporting diverse communities), and current contact information for three professional references.
