

College of Saint Mary strives to create a safe, inclusive educational environment where every person's worth and dignity is valued and nurtured. Applicants representing diverse backgrounds and experiences are highly encouraged to apply.

Doctor of Physical Therapy – Remote Human Gross Anatomy/Neuroscience Position

College of Saint Mary (CSM) Division of Health Professions is currently inviting applications for a full-time 12-month non-tenured faculty appointment at the Assistant or Associate Professor rank to teach human gross anatomy and neuroscience content for a blended learning Doctor of Physical Therapy (DPT) Program in Omaha, NE. This DPT program is completed in under 3 years and uses a combination of online and on-campus learning experiences to educate future practitioners. The blended learning model allows faculty to live remotely from campus. However, DPT faculty must be able to travel to and stay in Omaha for designated time periods each semester.

In addition to the described teaching assignment, the selected candidate will participate in faculty-led student research projects, assist with mentoring in related areas of expertise within the CSM DPT Clinical Education Program, and serve as a clinical instructor in the integrated clinical education experiences. The candidate will be expected to develop and sustain an independent research agenda. Other expectations include participation in curriculum development, student advising, providing treatment/and or mentorship in pro bono clinic (if appropriate), completing clinical education site visits, assisting with student recruitment and retention efforts, participating in college and department accreditation activities, and service to the department, college, community, and the profession. The successful candidate receives feedback well, effectively works in team environments, and feels comfortable working independently. In addition, the ideal candidate will have strong communication, problem-solving, clinical reasoning, time management, organization, and self-assessment skills.

Minimum Qualifications Education & Experience Requirements:

- Graduate of an accredited physical therapist education or health related degree program.
- A terminal academic degree (PhD, EdD, DHS).
- Certification in online instruction.
- Should be licensed or eligible for licensure in Nebraska.
- Member of the American Physical Therapy Association (if appropriate).
- Prior human gross anatomy (required) and neuroscience (preferred) teaching experience in a graduate health professions program.
- Able to work with students with special needs based on the Americans with Disabilities Act.
- Prior teaching experience in distance education preferred.
- Knowledge of educational management and adult learning theories and principles.

Application

Apply using the following link. Please have a cover letter, curriculum vitae, and contact information for three professional references, including one supervisor, ready to upload during the application process.
