

CSM COMMUNITY PLEDGE

Being a part of the CSM community means that each of us must take extraordinary steps to stay well and protect each other, both on campus and in the community. Focusing on your personal health and wellbeing has always been an important part of the College of Saint Mary (CSM) mission, and that is even more critical during the current COVID-19 pandemic. It is the responsibility of each community member to adhere to this pledge to protect our on-campus community and the community at large.

I Pledge to...

- Participate in contact tracing as needed to preserve the wellness of the community.
