#Interstate Teacher Mobility Compact: <https://teachercompact.org/compact-map/> The ITMC will allow teachers to use an eligible license held in a compact member state to be granted an equivalent license in another compact member state.

*Will grant licensure, but may require additional steps, such as a state-specific content course or test

^ Does not meet at this time. As licensure requirements change, please reach out to CSM teacher education for help in determining if the program will meet the state's current licensure guidelines.

NC-SARA website: <http://www.nc-sara.org/sara-states-institutions>
