

Online Doctor of Education Adjunct Instructor of Advanced Statistics Fall 2020 College of Saint Mary

College of Saint Mary is seeking an adjunct instructor to teach Advanced Statistics in the fall of 2020. This position requires a doctorate degree in the content area and online teaching experience is strongly preferred. Send a letter of application, resume, and three professional references (include phone numbers and email addresses) to Dr. Kristi Preisman at kpreisman@csm.edu.

EDL 842 Advanced Statistics (3)

This graduate level course prepares the doctoral student to utilize and interpret statistics for a dissertation and also prepares them to be critical consumers of scientific research. Students will review descriptive and inferential statistics. The course will focus on ANOVA, multiple regression, and multivariate statistics for hypothesis testing. Students will be able to run moderately challenging analysis using statistical software. The course will also focus on application, including an annotated review of data analysis in areas of education, healthcare, or educational leadership.

College of Saint Mary is a Catholic university providing access to education for women in an environment that calls forth potential and fosters leadership. The University is an equal employment opportunity employer and does not discriminate against employees or job applicants on the basis of race, religion, color, sex, sexual orientation, gender identity, pregnancy, age, national origin, disability, veteran status, marital status or any other status or condition protected by applicable laws, except where a bona fide occupational qualification applies.
